CANADA LOSING ITS BUTTER MARKET IN THE OLD COUNTRY

Ottawa, Aug. 20.—Though the greater proportion of the butter at present imported into Great Britain comes from the overseas dominions and though that importation has increased tremendously with the last decade, Canada has ceased to be a factor in the export of butter to Great Britain. This fact is learned from a report from the trade commissioner at Birmingham, just issued by the department of trade and commerce. Ten years ago, Canada was the nearest of the dominions to Great Britain, exported the substantial quantity of 23,000 tons of Canadian butter to Great Britain. Twelve months ago the exports fell to 776 tons. For the year ended last month the exports were valued at a quotation on the London market.

Montreal, Aug. 20.—The office of the Marconi Wireless Telegraph Company received word this morning that the Eric, which went ashore at Sable Island has broken in two and has become a total wreck. The crew were saved. The company's operator at Sable Island reported that the Eric began to break up during the night after being pounded by the heavy sea. The crew was on board when she began to go, and for a time position looked perilous. They were all taken off safely this morning when the surf subsided.

The Eric was a British steamer 3,926 tons, owned by Turnbull Bros. of Cardiff. Her master was Captain Curran. She was bound from Rosario in the Argentine to Quebec, with a cargo of maize. She went ashore in a dense fog on August 13. A part of the cargo was saved.

NOTE OF \$500 TO CARRY ON POLICE PROBE

This Sum Set Aside by Common Council This Morning

MAY NOT NEED IT ALL

Mr. McLellan Wants to Have it in Case of Need—West Side Petition for Street Opening—Early Closing Matter Goes Over.

The weekly meeting of the city council was held this morning, commissioner Wigmore presiding in the absence of His Worship Mayor Frink. This meeting was to have been held yesterday, but on account of the holiday was postponed until today.

There were present, besides the chairman, commissioners Agar, Schofield and McLellan and the common clerk. The matter of the petition in connection with the early closing by-law was laid over until the next meeting. A petition was read from west side residents asking that the portion of Lancaster street between Charlotte and Winslow be opened to traffic. This was left with the commissioner of public works to deal with. In speaking of the matter the commissioner said that it was desirable to comply with the request, as the section of street in question was a splendid residential locality, and while it might not be possible to do much this year, the matter would probably be dealt with early next season.

The commissioner of public safety recommended that he be authorized to employ such help and incur such expenses as he may find necessary in conducting the proposed investigation into the police department, as ordered by the council. The commissioner pointed out that there would be a need of funds to do this properly. A stenographer's services would be necessary, and it might be imperative to have advice from some matters. He did not know how long the investigation would last or how far it would go, but he would like to know that there were sufficient funds to carry it through. It was decided to allow the sum of \$500 for the investigation. The commissioner said it was mainly that the enquiry would cost anything near that amount.

The commissioner of harbors, ferries and public lands in his report recommended that renewal lease issue to Mary Elliott, widow of George Elliott, of Lot No. 25, Block B, Lancaster, for seven years upon the common clerk being satisfied that she is entitled to the same.

That a new lease issue to Louis Green of Lot No. 303, 5th ward, for seven years from November next, and that renewal lease issue to him of Lot No. 803, Brooks ward, for seven years from May 1, 1912, and of Lot No. 2, Brooks ward, for seven years from May 1, 1911.

That renewal lease issue to G. W. Williams of Lot No. 2, Block B, Prince ward, for seven years from May 1, 1911, upon the common clerk being satisfied that he is entitled to the same.

That the offer of John F. Gleeson to purchase the fee simple in lots 1022, 1028 and 85, Brooks ward, be not accepted.

That the commissioner be authorized to call for tenders for a steel for the gas-lifting doors on the south side of Shed No. 4, Sand Point.

That Charles E. Colwell be granted leave of absence, during the will and pleasure of the common council, to construct and maintain a bridge or run-way from the front of New wharf to the front of his property, recently leased from the city, such bridge to be constructed to the satisfaction of the city engineer, and that he have no claim for compensation at the termination of his license, and that he be also liable for any and all damage to the public and wharf, and that an agreement be drawn up by the recorder.

The commissioner further reports that on the 17th instant, the following city lots were sold at public auction, and the following persons became the purchasers, namely:— P. P. Dearborn, lot in Beach street, \$1,000 C. P. Baker, 20 foot strip of land on Green Head road, 215 W. J. Mahoney, 8x20 foot lot (McSherry lot so-called and house), 1,580 He recommends that deeds issue to the several purchasers under the common seal. This report was adopted and the recommendation ordered to be carried out.
