WHITE SOX HOPE TO EVEN UP THE SERIES TODAY

Fighting Spirit of The American League Leaders Aroused

AGAIN THE FAVORITES

Reds Equally Confident—Credit Yesterday's Defeat to Kerr's Marvelous Pitching and Their Unfamiliarity With the Grounds

Chicago, Oct. 4.—Reassured by a 3 to 2 victory over the Cincinnati Reds in the third game of the world's series, the Chicago White Sox today declared they were ready to back up Eddie Cicotte, their one-time battered ace, with the fighting spirit that brought them the pennant in the American League and won up the series at 2-2. The pitching by the first shutout of the series, after two wins on their home field, did not believe they again would encounter such marvelous pitching as shown by Kerr, midday hurler of the White Sox, and accepted their expectations of having to handle him with the "shine" and muck ball Cicotte would serve up, if he should be Manager Glenn's selection, or any of the other Sox twirlers.

Having familiarized themselves with the breeze, shadows and sun spots of Comiskey Park, Manager Moran's winners of the National League race were confident of a better showing today. Saturday always has been a good baseball day in Chicago and the crowds had begun forming about the park before midnight last night indicated that the 35,000 capacity of the enclosure would be taxed today.

Betting that opened with the White Sox favorites at 7 and 8 to 5, veered to even money as the Reds smothered the American League in the first game, and even reversed the initial odds after the National champions took the second victory, today had switched so as to place the White Sox once again in the minor position.

Following is the probable line-up for today:

Cincinnati—Bath, 2b.; Dumbert, 1b.; Ross, 3b.; Rouse, cf.; Duncan, lf.; Copt, ss.; Neale, rf.; Wingo, c.; Lueber, p.

Chicago—J. Collins, rf.; E. Collins, 3b.; Weaver, 2b.; Jackson, lf.; Pelick, cf.; Gandell, 1b.; Risberg, ss.; Schalk, c.; Cicotte, p.

Yesterday's Receipts. Chicago, Oct. 4.—Following is the statement of the attendance and receipts in yesterday's ball game:

Total attendance, 29,126; gross receipts, \$90,699; players' shares, \$48,907; club's share, \$23,044; national commission's share, \$9,656.

Weather Uncertain. There were patches of dark, shifting clouds in the sky this morning, but no indication of immediate rain. The weather was several degrees cooler than yesterday but still comfortable.

The forecast was "showery and cooler," indicating that the fourth game of the world's series may encounter wet weather.

Phets and Pheridans WEATHER REPORT

PROMPT RESPONSE TO CALL FOR INFORMATION OF CITIZENS' ARMY

Government Measure To Aid In Maintenance of Food Supply

As Hiram Sees It

Mr. Hiram Hornbeam was evidently in an indignant mood when the Times reporter met him.

"Did you fall into a hole in the street?" queried the reporter.

"I just took Hanner into the hotel to get a haircut, and he got onto a street car. I'm going to bring a suit along against him. Me an' Hanner was sitting in a car when it went off the tracks. They didn't stop in the car, but they was crowded an' one of 'em stood up an' held a burning cigar right under Hanner's nose—yes, sir. You could smell it in a carbolic acid factory. It made Hanner so sick we just beat off the car an' got some fresh air. With the wakin' was a little better—"

"There is too much involved to admit of our losing our grip," said one of the mediators.

"We will continue to work for peace on reasonable terms."

The government in its noon communique on the situation reported considerable improvement in the transport situation.

The statement reads: "Plans are active in preparation to meet the situation caused by the refusal of the strike leaders to accept arbitration. The railway services are still growing. Freight trains are increasing in number. The food situation is unchanged. The stocks are well distributed and are more plentiful than on the first day of the strike. The response to the call for volunteers shows the public determination."

The Citizens' Army. Premier Lloyd George's appeal for the formation of "citizens' guards" throughout the country met with a prompt response on all sides today.

The Lord Mayor of London lost no time in complying with the request and his example was followed by other lord mayors, lord lieutenants, chairmen of county councils, watch committees, chief constables and town clerks the country over.

Representative committees were formed everywhere to recruit the guards, whose duties will be to assist the police in the protection of citizens engaged in the maintenance of the supply of food and otherwise to preserve order.

Fears Roused. London, Oct. 4.—In an article contributed to the Daily News today, referring to an accusation that he is animated by personal ambitions, Henry Thomas, secretary of the railwaymen's union, declares that he is three times offered to become a member of the British cabinet.

Mr. Thomas warns the country that if other trades unions join the strike, it may result in a class struggle which "not all my counsel or moderating influence may avail to save the country from a violent and bloody revolution."

Mr. Thomas, in a statement given to American newspaper representatives, declared that the railwaymen had not been given fair treatment by the British press.

"Speaking as the chairman of the parliament committee of the trades union congress, representing over 5,000,000 organized workers and their families—more than half the workers of Great Britain—I can tell you," continued Mr. Thomas, "that the same spirit is operating now as operated in the invasion of Russia and in the refusal of her liberties to Ireland. I mention this not because this is in any way a political strike or anything but a movement to resist a reduction in wages, but because the same cannibals that already has outraged the sense of justice of British democracy in these matters is behind this attempt to crush trades unionism and bring down wages."

"The wheels of production are rolling slowly. Another week and the lack of coal will further lessen the diminished activities. I tell you this with a heavy heart."

"Those cabinet influences which made me for peace but against it—those who barred the way when I was striving to find means for further negotiations to avert the calamity—thus must bear the responsibility."

ONE YEAR IN JAIL FOR ATTACKING GIRL WHO REFUSED TO MARRY HIM

Sherbrooke, Que., Oct. 4.—One year in the common jail at hard labor was the sentence given to Sinal Vachon of Northam, who was found guilty of wounding with intent to maim. The accused had attacked fifteen-year-old Clara Tremblay with a knife, when she turned down his repeated proposals of marriage. The first charge laid against Vachon was attempted murder but this was later changed, it being brought out in the preliminary hearing that he was under the influence of liquor when he attacked the young girl.

FERRY TRAFFIC HEAVIER. The ferry traffic for the month of September showed an increase in foot passengers of 28,135 over the same month last year. There was a decrease of 197 in the number of teams. The total number of passengers carried in the month was 146,631.

BIRTHS AND MARRIAGES. Twenty-four marriages were registered this week in the city, and seventeen births of which ten were girls.

Call Hungarians To Rally To Monarchy

Soviet Rule Has Cost Hungary Thirteen Billion Crowns

Blockade of Fiume Partially Lifted—Foodstuffs and Mail May Enter—Mobilization of Jugo-Slav Army Denied

Budapest, Oct. 4.—The city has suddenly become placarded with large posters summoning the people, regardless of race or creed, to rally to the monarchy and demanding an immediate meeting of the national assembly for the purpose of bringing about a monarchy.

This is the first open monarchial manifestation since October of last year. The government has just made public figures showing that the Soviet rule in Hungary cost the country 13,675,000,000 crowns.

Blockade Lifted. Rome, Oct. 4.—Orders that the blockade of Fiume be lifted have been issued by the government, and Italian authorities in the vicinity of Fiume have received an order to allow mail and foodstuffs to pass into the city, according to the Epoca.

The military blockade against the soldiers and civilians entering the city is all that is now being enforced, according to the newspaper, which says the decision was made after the government had examined and discussed the proposal from the Fiume national council.

Paris, Oct. 4.—The steamer Prince Hohenzollern, under the inter-Allied flag, with a cargo of foodstuffs consigned to Pola from this city, has altered its course and is heading for Fiume, according to the newspaper L'Empire.

Paris, Oct. 4.—(By the Associated Press)—All the troops at present at Fiume are Italian. The French forces and 150 Serbian soldiers who formed the Fiume garrison before D'Annunzio brought his forces into the city, left this morning for the Adriatic coast.

Rumors that the blockade of Fiume will be made more severe were started by the withdrawal of the French and Serbian troops, and these were unsubstantiated by reports of the departure of 200 French motor trucks bearing military carabaiers for Abissinia. Other contingents of carabaiers are expected to follow.

Paris, Oct. 4.—(By the Associated Press)—Our intention regarding peace remains the same as when the Bullitt mission arrived. We are ready to make peace at any moment, provided military operations are stopped immediately and the blockade is lifted. We have not imposed, and we do not wish to impose, communism on anybody."

William C. Bullitt, a member of the American peace delegation, in testimony given recently before a senate committee at Washington, said he had been sent to Russia in February of this year to learn the terms upon which the Soviet government would agree to stop fighting and make peace.

Paris, Oct. 4.—George T. Chicherin, Russian Bolshevik foreign minister, in a message sent broadcast by wireless, and received here yesterday, says: "Our intention regarding peace remains the same as when the Bullitt mission arrived. We are ready to make peace at any moment, provided military operations are stopped immediately and the blockade is lifted. We have not imposed, and we do not wish to impose, communism on anybody."

Paris, Oct. 4.—(By the Associated Press)—A resolution of sympathy and moral support pledged to the English railway strikers was unanimously passed and carried at once to J. H. Thomas, secretary of the National Railway Union.

It was decided to hold the next convention in Winnipeg in 1921, conventions hereafter to be held biennially.

A vote of absolute confidence in the grand officers and executive of the past term was carried.

Moderation and independence of viewpoint appeared to characterize all that the convention did, for whereas the delegates resolutely turned down the One Big Union early in the week, they just as strongly went on record yesterday, pledging the support of their organization in urging upon the government the reinstatement of all postal workers, railway employees, and other workers who lost their positions through the strike in Winnipeg and other points in the west, and the executive was instructed to interview the government at once in this respect.

The government's amendment to the immigration act, passed some time ago, was vigorously denounced as "aimed at the best interests of Canada," and a resolution to this effect was recorded in the convention minutes.

The motive of the delegates in voting down a resolution suggesting a tariff convention instead of having the tariff controlled by the dominion parliament, was pointed out, was the opposition to a tariff under any control on the part of the delegates who are pronounced free traders.

The removal of the color line admitting colored employes to full membership in the brotherhood was another feature of the convention's stand for democracy, it was also said.

RIOT WHEN PICKET IS SHOT BY NEGRO

Indiana Harbor, Ind., Oct. 4.—Rioting broke out at the Universal Portland Cement plant tonight, and a union picket was shot by one of two armed negroes who, with nearly twenty-five other negroes, attempted to return to work. Several shots were fired by the two negroes who were arrested and placed in jail. Two other negroes were chased into the woods by nearly 500 strikers.

MONTREAL CHILDREN BURNED TO DEATH

"PETITION IS A FORGERY" SAYS COL. COOPER

Sensation Sprung at Re-Establishment Inquiry

A PROTEST FROM FLYNN

Document Purporting to be Signed by 1900 Returned Soldiers is Presented But Authenticity is Disputed; Col. Cooper's Reasons

Ottawa, Oct. 3.—Toward the close of today's sessions of the special committee on soldiers' civil re-establishment, when it seemed as though the committee would adjourn without a daily sensation being sprung all such predictions were dashed by the reading of a message from J. Harry Flynn, president of the United Veterans' League. Mr. Flynn left the committee room in high indignation on Wednesday, declaring that the committee had treated him unfairly and that he was going to hold a public meeting throughout the whole of Canada and have returned soldiers pass resolutions showing what he had thought of the committee.

This morning at 10 o'clock Col. C. Cooper, secretary of the committee, received from Toronto a typewritten statement and signed by over 1,500 names, said to be those of returned soldiers. The message follows:

"Toronto, September, 1919. 'To Colonel Cooper,

"Sir,—Why not question the thousands of foreigners who stayed in Canada and made their futures secure? The attached signatures are those of returned soldiers who go on record protesting against your questioning of J. H. Flynn's nationality. It should be sufficient for you to know that he threw in his lot with Canada for the upholding of right, justice and all humanity."

"We will expect to hear from you in reference to this matter."

Attached were the names with number and rank indicated in the margin. Colonel Cooper tonight called the committee's attention to the fact that the message was dated September, while Flynn was only heard by the committee on October 1, and that there was not sufficient time for Flynn to return from Ottawa to Toronto and secure the signatures of over 1,500 returned soldiers to that particular petition and mail the letter at about 10 o'clock last evening, in order to be delivered in Ottawa this evening.

"Therefore," stated Colonel Cooper, "I wish to state that I am in no way interested in a forgery, and I wish to have this entered on the record."

At midnight the committee adjourned until 11 o'clock Monday.

Report of Mayor's Committee, on Which They Had Pinned Their Hopes, Proves Sad Disappointment to Boston Strikers

(Special to Times.) Boston, Oct. 4.—The police deserters have sustained another setback. They had high hopes that the peace committee of thirty-four, named by the mayor, had summed up in their favor and made held a week. Papers have been bombarded with requests for the "real truth" report. Now it has come out and, as one of the committee said, the report was held up because it was hoped some solution could be found, but no other conclusions could be reached except the following in brief: The policemen had no right to leave their posts; policemen ought not to be allowed to join labor unions and the committee fully supports the acts of the authorities in preserving law and order and in defeating the effort of the policemen to enforce their rights to join the American Federation of Labor."

The total of claims due to the strike riots is \$85,000, which the city will have to foot. Several of \$8,000 came in yesterday.

The married police strikers received their third benefit today from the union fund. The men who have obtained employment hand in part of their earnings.

With the governor and police commissioner immovable is not known how the deserters can see that the outlook for them is more favorable for a settlement, as one of the union officers told them yesterday.

TO CONDUCT INQUIRY INTO CHARGES REFERRED AGAINST FREDERICK POLICE CHIEF

Frederick, N. B., Oct. 4.—The Frederick Police Commission met this morning and adjourned until Tuesday when they will begin an investigation of charges preferred against Chief of Police Finley formerly of St. John, by Harry M. Blair. The charges are understood to have arisen out of an incident during exhibition when Mr. Blair entered the police station in connection with the arrest of a friend. The alleged assault is said to have taken place.

The Appeals and Contingents Committee of Frederick City Council at a meeting held last night decided to give returned soldiers exemption from poll and income tax for one year after discharge from the C. E. F. The G. W. Y. A. asked for exemption for three years.

Final Figures Show Cobb Premier For Eleventh Time. BATTED .361 FOR SEASON. Ruth Broke All Records For Home Runs With .295—Cravath of Philadelphia, Champion Batterman of Nationals, With 340.

Chicago, Oct. 4.—Ty Cobb still is the premier batter among the regulars of the American League, according to complete but unofficial averages made public today. The Detroit outfielder, during the past season hung up a batting mark of .361 in 124 games and tied his 1918 record, and giving him the league leadership for the eleventh time in the last thirteen years, in figures. Eddie Murphy, pinch hitter for the Champion Chicago White Sox led with an average of .357, but participated in only thirty-one games. Following close on Cobb's heels was Harris, of Cleveland, with a mark of .315.

Cravath of Philadelphia, last in the league, was last in hitting and fielding. Eddie Cicotte, ace of the White Sox, pitched staff was the leading hurler. He clearly established his supremacy by clearing up 29 victories against seven defeats for an average of .86.

INCREASES RECOMMENDED FOR COURTNEY BAY WORKERS. E. A. Campbell, president of the Trades and Labor Council, said this morning that the recommendations of the board of conciliation which took evidence in the Courtney Bay matter here a few weeks ago had been received in the city and provided for a general increase of five cents per hour to men working by the hour and \$20 per month to salaried men. The men had asked for a nine-hour day but the board recommended a ten-hour day with time-and-a-half for overtime. Asked if the men were willing to accept these terms, Mr. Campbell said that would be decided at a meeting this evening.
