

YOUNG PEOPLE'S FUND.

The purpose of this fund is to educate the young people of the congregation in systematic giving. Although the effort in this work has in a measure been successful, yet a great many of our young people have not availed themselves of the privilege of, in this way, assisting the cause of God.

Let our young people give this matter a fair consideration and it is believed that all will gladly do what seems just and right.

H. S. PORTER, Secretary.
