## Believes Arctic Indigestion Cure Saved Her Life

Wabana,  
Bell Island,  
Sept. 30th 1916

I have been a sufferer for 18 months from that dreadful disease Indigestion. I felt so bad that I would throw up all my food, and could keep nothing down. I tried the doctors, but I found no good. I then decided to try the A. I. C., and I took 2 pint bottles, and to-day I am perfectly cured of all stomach trouble. I would advise all sufferers to try the A. I. C. I believe it has saved my life. Yours truly,  
MRS. JOSEPH BURSLEY.

## 'Imperial' Engine

The first cost of a motor engine is important. The life of the engine is also important. Some engines wear only a short time. Others go on doing duty for years. The cooling or water circulation has a lot to do with it. This 'Imperial' has. You can run the 'Imperial' at the highest speed and yet keep it as cool as your wish.
