PROGRAMME OF EVENTS FOR THE OCCASION

Large Number of Entries From James Bay Club - Gowen Harriers Will Also Compete.

Local athletes are evidencing considerable nterest in the N. P. A. A. A. meet, which takes place at Vancouver on the 2nd of July. For some time past the James Bay Athletic Association, with commendable enterprise, has been encouraging members to train and prepare themselves in every way to compete at this meet. In order to give them a chance to test their ability the management committee of the J. B. A. A. even went so far as to arrange a preliminary meet, which was held about a week ago at the exhibition driving park. So well did the boys acquit themselves on that occasion that it has been decided to make entries in almost every event included in the N. P. A. A. A. programme.

Victoria will be represented at the big meet not only by J. B. A. A. athletes, bu also by an aggregation of sprinters headed by H. Gowen, who holds the mile cham pionship of British Columbia, The latter are exceptionally fast sprinters, and will likely participate in most of the shorter runs, as well as competing in some of the jumps and other contests. Both the James Bay athletes and the Gowen harriers will have teams in the relay race, if the local club succeeds in having such an event included in the programme. As at present drafted no provision is made for such a on, but an effort is being made to

have the omission rectified. The secretary of the association reports that every club belonging to the league has announced the intention to send over a team of their best athletes. Canadians may therefore expect to have to compete against some of the fastest athletes of Washington state. These men have also been preparing, and, according to reports, expect to make ecords in the 100 yard and quarter mil
