Of this about one-half lies to the north of the Miramichi, and the remainder between the Miramichi and the Central, principally between the head of Grand Lake and the Intercolonial Railway. That is to say, it is possible to make one thousand hundred acre locations within this tract, upon land sufficiently good to be at.

The conclusion is warranted by the history of other settle. \$3,000 in bills and vouchers from his ments that the occupation of 100,000 acres by settlers implies within a few years a would serve a basis of settlement, and the cupation of lands of not so good quality uld follow as a matter of course, as has een the case in the settlements along the Intercolonial in Kent County. When The great remedy for Summer Complaints. that road was first located there was a general outcry that the land would never settled, but it has been, and the settlers are doing fairly well, although the contrary to this has been represented. It is impossible to form even an approximation of the acreage within the tract in question which will ultimately be found capable of successful cultivation; but it me nust be very large. It is worth the consideration of the government whether two or more highway roads might now be advantageously made through this section which will be surrounded on all sides by railways. The poorest of the land is that nearest Fredericton.
