is money" in seeding time. You will make easier work for your horses too, if instead of using a cast iron wedge plough you use a steel screw form plough which sticks its point into the soil and lifts and twists and turns the land so that the sun and air will have a chance to fructify and streng-

If you make your team pull hard and strain over the work of hauling a poor plough, or go over the land twice as often with an old fashioned wooden harrow twice as often with an old fashioned wooden harrow as is needed if and improved Flexible steel or spring tooth harrow is used, you will have to pay for it in extra oats and hay and time, that is sure.

In the last ten selling seasons or years we sold ONE HUNDRED THOUSAND DOLLARS worth of steel mouldboard ploughs. Our sales keep up to a steady average and do not decrease in any district where once fairly introduced and compared in working trial and results with cast iron ploughs.

Steel mouldboard ploughs haul easily, scout clean in any soil and leave the land in the best position and

condition. Steel ploughs are the lightest, strongest and most durable of any kind made. The steel ploughs we sell are made by Wilkinsons, who have the largest factory in Canada devoted to plough maufacture. Geo. Wilkinson is the oldest steel plough maker in Canada, Wilkinson's ploughs have taken more first prizes at fairs and ploughing matches than all others.

They are sold in every province in Canada and in all the Territories of the North West. We ofter Wilkinson's steel ploughs at from ten to fifteen dollars according to size and weight. An extra share and wrench goes with each plough without extra cost. More shares may be bought at thirty-five cents each, genuine
