May it please Your Honor: The grand jury feel that they cannot separate on this occasion without calling your honor's attention to the present filthy and miserable condition of the court room, as well as other rooms in connection therewith, and recommend your honor to urge upon the proper authorities the necessity of having these rooms repaired, cleaned and ventilated.

Fredericton, June 20.—A wet day, but that did not prevent the loyal citizens of Fredericton from religiously and patriotically celebrating the Victorian sesquicentennial. The morning services in all the churches were well attended, and in every pulpit references were made to the queen and the beneficial influences of her reign. This afternoon at 4 o'clock a special jubilee service was held in Christ Church Cathedral, attended by the different fraternal societies of the city and vicinity, comprising the Boys' Brigade, Sons of England, Knights of Pythias, Foresters, Prentice Boys, Orangemen and Masons. The different orders and lodges assembled at City hall and were played to the Cathedral by three bands. The procession numbered about five hundred, and despite the heavy rain the whole town seemed to be on the streets along the line of march. At the Cathedral the service was conducted by Rev. Dean Partridge, assisted by Rev. Canon Roberts and a visiting clergyman from the United States. Dean Partridge preached an eloquent sermon from Isaiah, chap. 8, verse 18, reviewing briefly the events of Victoria's reign and drawing lessons from her life and works for his hearers.

The case of Clara M. Fraser v. John Macpherson at York nisi prius court, before Judge McLeod without a jury, was concluded Saturday evening. The action is for trover of fur goods held under a bill of sale by the plaintiff and conveyed by the defendant under a subsequent mortgage. At the conclusion of the case, Mr. Gregory, Q. C., raised questions under the recent married woman's property act and the bills of sale act, upon which his honor reserved judgment. J. H. Barry and J. W. McCready conducted the case for the plaintiff. The court adjourned sine die.

Frank Whitehead is slightly better today, with some hope of his recovery.

The Statement of a Lady Who Was a Dyspeptic.

Afflicted with Pains in the Stomach, Nausea and Vomiting—Constipation, Headaches and Other Distressing Symptoms Followed (From Le Sorels, Sorel, Que.)

Dyspepsia and kindred disorders of the digestive organs are becoming alarmingly prevalent among the people of all classes, and it is safe to say that there are few ill-afflicted mankind more productive of more real misery than indigestion. It is said that happiness and frequent digestion go hand in hand, and the statement contains more truth than has been generally admitted. It may be safely said therefore, that the medicine that will cure dyspepsia is a blessing to mankind, a promoter of human happiness, whose good work cannot be too widely known. Such is the opinion of Mrs. P. Lussier of Sorel, Que., and it is because of this that she gave the following statement to a representative of Le Sorels. "For some time past," she said, "I had been suffering from a malady that at first I could not define, but which proved to be a severe attack of dyspepsia. After each meal I felt a sensation of over-fullness, even when I had eaten most sparingly. This feeling was accompanied by severe pains in the region of the stomach, and frequently by nausea, and sometimes vomiting. Constipation followed, which added to my misery. In the interval I suffered from fever and slight headache, and became generally indisposed. At times the pain in the stomach was less severe. My appetite was leaving me, I had no taste for anything, and at this stage my son, Alfred, assistant manager of 'Le Sorels' urged me to try Dr. Williams' Pink Pills, and at the same time urging me to read an article in that paper which related to the cure of a person similarly afflicted. I was skeptical and did not believe the pills would help me, but a few days later I re-read the article and decided that I would try this medicine and I have much reason to be glad that I did so. I took a couple of Dr. Williams' Pink Pills after each meal, and little by little perceived that my digestion was becoming more easy. I continued the use of the pills for a little more than a month, and have pleasure in stating that my cure is complete. At my age (66 years) one greatly appreciates being able to enjoy one's meals, and I bless the day I began to use Dr. Williams' Pink Pills, and I heartily recommend them to other sufferers."

Dr. Williams' Pink Pills cure indigestion, rheumatism, neuralgia, locomotor ataxia, St. Vitus dance, nervous headache and prostration, diseases of the blood, such as scrofula, chronic erysipelas, and restores pale and sailow complexions to the glow of health. They are a specific for all the troubles peculiar to the female sex, and in men cure all cases arising from worry, overwork, or excesses. Sold by all chemists and by Dr. Williams' Medicine Co., Brockville, Ont., at 50c. per box or six boxes for \$2.50. There are imitation pills colored pink, against which the public are warned. The genuine pills are put up in boxes, the second because he had the first, and the first because he had none at all.

She—"Major Pommelwell wears three medals. I wonder why they were given him?" He—"He got the third because he had the other two, the second because he had the first, and the first because he had none at all."
