POLES AND ITALIANS
IN A BLOODY RIOT

WILKESBARRE, Pa., May 4.-Poles and Italians engaged in a bloody riot at Hudson, ten miles from here, today, two Poles being fatally wounded, two others badly hurt, while many were injured and were carried away by their companions. The police are now searching for these men and expect to make arrests today.

There has been blood between the Poles and Italians for some time, owing to the fact that a number of Poles took the places of striking Italians at nearby coal mines. Today Italians laid in ambush for a party of the Poles and attacked them with stilettoes. Joseph Wisnietz was stabbed seven times, Alexander Wilkowsky four times, and both are dying. John Darboski and Joseph Verdeti were badly wounded and a number of others were hurt.

SAWED BARS FROM CELLS;
PRISONERS MADE ESCAPE

NEWBURYPORT, Mass., May 3.-By sawing off bars of their cells, and climbing through a roof skylight, George Rogers and James L. Franklin, both of Lynn, escaped early today from the Newburyport jail, where they had been held on charges of breaking and entering and larceny. They have not been recaptured.

While the cell room guard was absent in the kitchen the two men broke away the cell bars which they had previously sawed nearly in two, and crawled through an opening twelve by seven inches, into the corridor. By piling up tables they could reach a skylight in the roof, and after that their way to freedom was easy. The escape was not discovered until the guard made his rounds, and no announcement of it was made until late today.

Rogers and Franklin were each about twenty-six years old. They were being held for the grand jury, which will meet on May 11th.

There was much disturbance among the nineteen prisoners in the jail on a recent night, and much banging of tin cups against the iron work of the cells. It is supposed that the two men succeeded in sawing the bars under cover of this noise. They used a case knife, which had been filed so that it had teeth like a saw.

PRINCE WILHELM OF
SWEDEN WEDS GRAND
DUCHESS MARIE PAVLOVA

ST. PETERSBURG, May 3.-Prince Wilhelm of Sweden, second son of King Gustav, the popular sailor prince, who visited America in 1907, was married this afternoon to Grand Duchess Marie Pavlova, the cousin of the Emperor of Russia and daughter of Grand Duke Paul Alexandrovitch. The ceremony took place at Tsarsko-Selo and was accompanied by all the pomp and brilliant display of color characteristic of the most stately court in Europe.

In the evening a great state banquet was served, at which toasts were drunk to the good understanding between Sweden and Russia, recently reached in the Baltic agreement, to which today's wedding-the first in modern times between the ruling houses of the two countries-puts the seal.

The nuptial ceremony was accompanied by a noisy acclamation, the thunder of salutes being heard almost uninterruptedly throughout the afternoon and evening.

Moncton Pastor Sees Through Plot

Hears Why Scott Act Election Should be Put Off—Praises Police Chief

MONCTON, May 3.-The Intermediate baseball league opened their season Saturday afternoon on the diamond at the rear of the I.C.R. general office building. The Orioles defeated the Mohawks by eleven to ten.

Adam Dickson, who has been on the Moncton police force the past year as special Scott Act man, left for Chatham Saturday night with the understanding he is to be reappointed chief of police there. Dickson was formerly chief at Chatham, but was dismissed for reasons in connection with the Scott Act. Since the election of the new council he applied for the old position, and it appears with success.

The Scott Act enforcement in this city was the basis of a strong temperance sermon by Rev. H. Gratian Lockwell in the first Baptist church this evening. Rev. Mr. Lockwell says that Magistrate Kay's decisions imposing the jail sentences being sustained last week by the supreme court of New Brunswick is a great victory for the Scott Act. He predicts the Scott Act will be more vigorously enforced this year than last.

He praised the work of Chief Dickson, who he pronounced fearless and unapproachable in the enforcement of the C. T. A. Speaking of the pending Scott Act election in this county, he said he understood the repeaters had delayed the election until July in the hope that electors would be more thirsty then and more likely to vote for license.

Commencing yesterday the I. C. R. mechanics will have a Saturday half holiday until October 1st.

This morning, in the Presbyterian church, Rev. D. MacDermid made a plea for a similar half holiday for clerks and shopkeepers. He thought it unfair that the I. C. R. men should enjoy Saturday afternoon off and clerks be compelled to stand behind the counters until all hours Saturday night.

ANXIOUS ABOUT CLEVELAND

NEW YORK, May 1.-Considerable anxiety was occasioned today by widely circulated rumors that the condition of former President Grover Cleveland, who has been in for several weeks at a hotel in Lakewood, N. J., had assumed a grave phase and that slight hopes were entertained of his recovery.

The Evening World gave prominence to reports current at the office of the Equitable Life Assurance Society, of which Mr. Cleveland is a voting trustee, that the former president's physicians had diagnosed his illness as cancer of the stomach and had decided that there was no hope of their distinguished patient's recovery.

Positive denial of these statements was not obtainable today.

EVELYN WILL TESTIFY
THAT THAW IS SENSIBLE

Application Made Today for his Discharge From the Asylum.

POUGHKEEPSIE, N. Y., May 4.-Harry K. Thaw's fight for liberty, which has been in progress almost every moment since he shot down Stanford White on the crowded Madison Square roof garden nearly three years ago, was continued in the Supreme Court here today. Twice tried for murder, the second time acquitted, only to be sent to the Matteawan State Asylum for the criminal insane. Thaw will now endeavor to prove his sanity and right to complete freedom. The proceedings which began today were based on a writ of habeas corpus taken out at the instance of the prisoner to procure his release from the asylum.

An interesting sidelight of Thaw's matrimonial affairs which have attracted much attention since his removal to the asylum was contained in a statement given out by A. Russell Peabody, one of Thaw's counsel, before the opening of court today. Young Mrs. Thaw who has begun suit for the annulment of their marriage, has not seen her husband in more than two months. Mr. Peabody said, however, that Mrs. Thaw had offered herself as a witness in her husband's behalf should her testimony be necessary to call her to Poughkeepsie, he did not know whether it would be necessary to call her to Poughkeepsie, he said, but if he believed it necessary as the case develops, she will be summoned. Thaw himself undoubtedly will go on the stand in his own behalf. Mr. Peabody said. He declared that the prisoner is willing to submit to any examination the court or the district attorney may desire as proof of his sanity. Mr. Peabody said he and Mr. Graham will oppose any attempt to have the case transferred to New York County.

Asst. District Attorney Garvan would make at the opening of the hearing.

"We want the case tried in Dutchess County," said Mr. Peabody. Thaw's place of confinement is here. We hold that the burden of proof rests on Mr. Jerome to show that Thaw is insane. Mr. Jerome's commission in the first trial adjudged him sane. The jury in the second trial deemed him insane at the time he killed Stanford White.

POLICE COURT

There was a very busy session in the police court this morning. The magistrate gave his customary address on rum, and certain houses of ill repute on Sheffield street, where white and black persons associate.

Frank Arnsault pleaded guilty to being drunk on Brunswick street, Saturday night. The magistrate told the prisoner, who is a young man, to look at others on the bench, who are going down, down, down, from drinking rum.

Joseph McNulty was charged with being drunk on Sheffield street, Saturday night. The magistrate told him to look at others on the bench, who are going down, down, down, from drinking rum.

Evening World gave prominence to reports current at the office of the Equitable Life Assurance Society, of which Mr. Cleveland is a voting trustee, that the former president's physicians had diagnosed his illness as cancer of the stomach and had decided that there was no hope of their distinguished patient's recovery.

Positive denial of these statements was not obtainable today.

LONDON, May 4.-A great crowd gathered in Northumberland avenue this morning to witness Alfred G. Vanderbilt's start on the coach venture from the Victoria Hotel, on its business trip to Brighton. The coach was heartily cheered as it passed down the avenue.

Reginald Vanderbilt and Craig W. Wadsworth, second secretary of the American embassy in London, were among the passengers.

ARRESTED FOR SHAKING
HANDS WITH EMMA

SAN FRANCISCO, May 4.-In the Port Market, near the House is Private Buwilda, of Company A, First Battalion of Engineers. Buwilda has been identified as the soldier who shook hands with Emma Goldman, Queen of Anarchists, and pledged her his assistance. The identification was made by a party of detectives of the police force and he was placed under arrest. Buwilda was brought before a court martial.

ANOTHER SOUTH
AMERICAN REVOLUTION

Indications of Extensive Plans—Suspects Arrested—Great Precautions Being Taken.

LIMA, Peru, May 3.-Government troops have been sent out by President Pardo on the receipt of reports here that an insurrection was brewing not far from this city. Alarm was felt in government circles on Friday night when it was rumored that the insurgent leader, Dr. Durand, with two hundred of his men, attempted to cut the wires of the electric lighting plant that supplies the current for the lighting of Lima and the suburbs. If an attempt were made, it was not successful, and the troops have not yet succeeded in locating Durand.

Premier Pardo passed Saturday night in the barracks and this morning additional troops were sent out in search of the alleged insurgents. A number of arrests were made in the city of persons suspected of complicity in the movement, but Lima itself presents no unusual aspect and the idea of any extensive movement looking to a revolution is not generally believed.

There is no doubt, however, that insurgent bands have been at work in the vicinity of Lima, although the latest reports indicate that the whole republic is quiet. Soldiers are now moving both north and south and they have found quantities of cartridges and dynamite along the railroad lines. It has been confirmed that a railroad bridge has been blown up. The troops have been ordered to take the utmost precaution in order not to give the insurgents any opportunity to take them by surprise.

Last night the theatres were in full swing in Lima and at Callao the English club gave a ball.

DOUBLE MURDER
BY REJECTED SUITOR

Polander Follows Girl to America and Shoots Her and Her Lover.

NEW YORK, May 3.-Enraged because his long journey across the seas had ended in the refusal of his prospective bride, Wm. Sokansky, a young Polisher, shot and killed Annie Kuchonova, a 20 year old Polish girl, in the hallway of a boarding house, Williamsburg tonight, and before he was overpowered by the police, shot and fatally wounded Michael Kirsan, who sought to intercept him in his flight. Kirsan died at the hospital.

Sokansky told the police that he knew the girl in Poland. To escape his advances she had secretly fled to Newburyport, Mass., where she was employed in a mill.

He followed her but she rejected a proposal of marriage and again tried to escape from him by coming to this city. Sokansky said that he learned of her whereabouts and came here to renew his suit. When she again refused him tonight he said he shot her.

NEWBURYPORT, Mass., May 3.-All three of the principals in the tragedy in Williamsburg lived in this city for several months and were well known in the Polish colony. They worked together in the Peabody Cotton Mill.

At one time the girl went to the police and made a complaint about Sokansky, saying that she was afraid of him. The police made some inquiries, but before any action was taken, the girl disappeared. According to acquaintances here, she and Kirsan were in a love affair and Sokansky followed them. This was about nine months ago.

THE NOTARY IN FRANCE.

The notary is a most important person in all small country towns in France. Everybody consults him, from the big landowner when he has discussions with his neighbor over right of way to the peasant who buys a few meters of land as soon as he has any surplus funds. We were constantly having rows with one of our neighbors over a little strip of wood that ran into ours. Whenever he was angry with us, which happened quite often (we never knew why), he had a deep ugly ditch made just across the road which we always took when we were riding around the property. The woods were so thick and low, with plenty of thorns, that we could not get along by keeping on one side and were obliged to go back and make quite a long detour. The notary did his best to buy it for us, but the man would never sell. I thought of getting the power to annoy us—Mme. Waddington in Scribner.
