EASTER SUNDAY IN FREDERICTON.

Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run down, unable to attend school, and did not care for any kind of society, but now I feel like a new person. and have gained seven pounds of flesh in three months. "I recommend it to all young women who suffer from female weak-ness." — Miss Alma Pratt, Holly, Mich.

FREE MEDICAL ADVICE TO YOUNG GIRLS. All young girls at this period of life are earnestly invited to write Mrs. Pinicham for advice; she has guided in a motherly way hundreds of young women; her advice is freely and cheerfully given, and her address is Lynn, Mass.

Judging from the letters she is receiving from so many young girls Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries. Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered.

A Young Chicago Girl Saved from Despair. "DEAR MRS. PINKHAM: - I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen

years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and inding swered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months and I found that I gradually improved and that all pains left me, and I was my old self once more. - LILLIE E. SINCLAIR. 17 E. 22d St., Chicago III."

Lydia E. Pinkham's Vegetable Compound is the one sure remains edy to be relied upon at this important period in a young girl's life; with it she can go through with courage and safety the work she must accomplish, and fortify her physical well being so that

her future life may be insured against sickness and suffering.
