### If it's the Kidneys, "Sun" Kidney Pills will cure you

A man with weak kidneys is a weak man. The least exertionthe slightest departure from a rigid diet-a cold-aggravates the kidneys and puts the sufferer in a bed of pain.

"I contracted Kidney Trouble about 20 years ago. Since then, when I overexerted myself or got a cold, I would be a constant sufferer from pains in back and hips and soreness across the loins.

I was extremely weak, very nervous, and had no appetite. I scarcely got a full night's sleep, and if I tried to work an hour a day, would suffer severe pain. Itried every remedy recommended for Kidney Trouble but none relieved me.

At last I was persuaded to use "Sun" Kidney Pills, and bought three boxes. Before I had finished the second box, I slept well, the pains grew less, and now after taking eight boxes, I think I am as well a man as I could reasonably hope to be at my age."
