Special to The Standard. Ottawa, Nov. 19.—A report of C. C. James, formerly deputy minister of agriculture for Ontario, submitting a plan for carrying out the Dominion government's policy of assisting agriculture in the province, has been, it is understood, submitted to the minister of agriculture, Hon. Martin Burrell.

Mr. James, in Report, Submits

Plan to Assist Government's

Agricultural Policy—Made

Careful Study of Situation.

London, Nov. 19.—The report that an armistice had been agreed to by the Bulgarians and Turks along the Tchatalja lines for the burial of the dead appears to have been unfounded. Despatches from the Turkish commander-in-chief, show that the artillery duel continued through the day.

The Turks claim successes against

the Bulgarians, but there is nothing

yet made any serious attempt to

penetrate the lines. The battle may

be ended at any moment by Turkey

accepting the allied terms for an armistice,

which are said to include the

surrender of the Tchatalja lines, Ad-

rianople, Durazzo and Serrai. There

is a possibility, however, that Turkey

may decline to surrender Tchatalja.

While her western army has been

completely defeated, she still possesses

according to the correspondents at the

front, a homogeneous army behind the

Tchatalja fortifications, largely com-

posed of some of her best fighting

material from the Asiatic provinces,

which has not yet been in action.

Moreover, the demoralization and dis-

organization which followed the Kilisli

Kiliseh and Tchalista, including some of

the best Bulgarian troops, are being

remedied and the army is now well

supplied with food and ammunition.

Under these circumstances the port

may be induced to make a further

advance, and the hope of securing

peace conditions. Evidently Bulgaria

has brought all her available forces

to attack Tchatalja, including some of

the best Bulgarian troops, and the

task of crushing the Turkish defence

may prove a difficult one.

Servia Defies Austria.

The prospect of European

disensions arising out of the

settlement of the Balkan claims to

be arranged after the war has be-

come more menacing. Austria has

not presented an actual ultimatum to

Servia setting a time limit for a

reply to certain inquiries which she

has formulated, but, short of that, the

relations between the two countries are

very tense. Servia's evident

intention to take Durazzo will be

still another defiance of Austria.

Special to The Standard.

Ottawa, Nov. 19.—Parliament Hill

will be an unusually brilliant opening.

The beginning of the second session of

the twelfth parliament on Thursday

will, according to present indications,

be attended by a much larger company

of spectators than have found their

way into the galleries of the two

houses in years.

The importance attached to the

work of the coming session and the

fact that H. R. the Duke and Duchess

of Connaught have been brought

so closely in touch with the life of the

Canadian people through the tour

of the past summer, are contributing

to swell the incoming stream of people

anxious to witness the opening cere-

monies.

These ceremonies will, of course,

be the usual ones, the firing of a

salute, the arrival of the Governor

General at the parliament buildings un-

der a mounted escort, the arrival of

the commons in response to the sum-

mons of Black Rod, and the reading

of the speech from the throne. The

ceremonies will, however, be differ-

ent from those of former years, in

Special to The Standard.

Los Angeles, Cal., Nov. 19.—Armed

with an infernal machine containing

enough dynamite to destroy an en-

tire city block, a bottle of nitro glycer-

ine and a 45 calibre revolver, a masked

maniac took possession of the central

police station today and held it for

more than an hour, while hundreds of

occupants of the building and those

for blocks around the place, in panic

sought safety in distance, when Detec-

tive James Hosick knocked the man

unconscious with a leather billy after

slipping up behind him. The fuse of

the infernal machine was automati-

cally ignited by Detective Samuel L.

Brown grabbed the box, with its fuse

sharply spluttering, and hurled it into

the street. Hundreds of high power

dynamite scattered over the pavement,

while hundreds of spectators stood

apparently paralyzed with fright.

Through a freak of chance there was

no explosion and Brown continued

kicking the sticks of dynamite and

jumping on the fuse until he had bro-

ken the connection and extinguished

the fire.

vis, is suffering with several severe

Thought it a Joke.

Davis entered the outer office of

Chief of Police Sebastia this morn-

ing. His face and head was com-

pletely covered with a grotesque

mask and he carried in his arms a large

box covered with cloth.

The box was strapped around his

shoulders and resembled a small hand

organ.

First started and then amused by

the strange spectacle of Police Sergeant

R. C. Hill, who suspected a practical

joke, asked the man what he wanted.

"I've got enough dynamite in here

to blow us all into eternity," he said,

"and I want you to send for the high-

est official of the Southern Pacific

Railroad."

The masked visitor rested the box

on a falling cabinet and assistant

District Attorney R. O. Graham, who

was in the office, started joking with

him.

"This is no joke," said Davis. "I

mean business, and if you don't be-

lieve me try to take this away from

me. My hand is fastened in this box,

and if I pull it out—bang—we all die."

Special to The Standard.

Montreal, Nov. 19.—Hon. Louis Co-

derre the recently appointed secre-

tary of state of the Dominion govern-

ment was returned by his constituency

to-day with the decisive majority of 2,

206 over his opponent, Louis Doyon,

the choice of the Nationalist-Liberal

combine, in fact so meagre was the

support given to the opponent of the

Borden naval policy that his cash de-

posit was sacrificed, he having failed

by 90 votes to poll the necessary

minimum. Of the total vote polled in

the constituency of Hochelaga, Mr.

Coderre received 4,122, while Doyon

was let down with 2,016.

Never Any Doubt.

The fight was never a hot one and

at no time during the campaign was

the result of the contest in doubt.

As matters stand now, the National-

ist-Liberal candidate admitted that it

was a foregone hope that the best

five town of Doyon's that would

show that the number of voters op-

posed to the naval policy which is an-

tipicated from the Conservative min-

istry did not have the unanimous

support of the county.
