bor works yesterday afternoon and were greatly pleased with the progress that is being made by the Maritime Dredging and Construction Company. The Company have just completed three months of their contract, and they can point to a vast amount of work performed.

With increased reclamation and concrete mixing plants and with an increased staff of workmen, Manager Doherty sees no reason why the saw piers and temporary shed should not be ready in good time for the coming winter's business.

BRITAIN LANDS HER TROOPS ON FRENCH SOIL; DETAILS OF TRANSPORT KEPT SECRET

Contingent sent to aid France and Belgium includes many of England's best soldiers from Regular Army—Abandonment of Brussels by Belgian Gov't may have been strategical movement.

London, Aug. 17. (Delayed by censor).—The most important revelation of the day has been that of the landing of a British expeditionary army on the shores of France. Everybody in England has known for two weeks that a large army was crossing the channel. The troops had been assembled at different bases, one of the largest contingents embarking at Dublin, Ireland. Many other contingents sailed from Liverpool, while still others took ship at Southampton, Southampton and other ports along the coast of the English Channel.

The great canvas camps at the military stations in England were struck only when it was known definitely that the flotilla of transports, conveying the troops had finished the overseas movement under the escort of strong squadrons of warships.

The transportations of the soldiers lasted several days and during that time not a mention of the expedition was permitted to the newspapers here. Even now the strength of the expedition, the names of the regiments composing the contingents, and the ports where they landed are not allowed to be made public. It is known, however, that a large proportion of the best troops of the British regular army are now on continental soil. The reception of the British soldiers everywhere in France was enthusiastic. The officers and men of the two armies fraternized warmly.

It is pointed out in authoritative circles here that the withdrawal of the Belgian government from Brussels to Antwerp may mean that the fighting in Belgium is drawing closer to the capital, or it may be merely a precautionary measure. Now that the three allied armies are working together on a coherent campaign scheme the policy of secrecy has been extended to Belgium and as a fountain of picturesque news that country has suddenly dried up.

The allied armies have decided for the present to bar all war correspondents from covering the campaign here, but it is thought the ban may be raised later, when the military operations are well under way. The official news

FRENCH SWEEPING GERMANS BACK NORTH AND EASTWARD TOWARDS RHINE VALLEY

Pressing rapidly through Alsace-Lorraine in direction of Strassburg — St. Petersburg correspondent to London Times says French Army has achieved a strategical victory.

Paris, Aug. 18.—Pressing rapidly forward through Alsace-Lorraine, in the general direction of Strassburg, the French advance was reported today as overcoming a determined general German resistance. The French army was reported to be sweeping the Germans back north and east toward the Rhine valley. The official bulletin issued from the war office today said: "The French advance was steadily driving the enemy before it. In the general direction of Strassburg, the Germans are retreating in great disorder; the steady advance of the French being so methodical and rapid that no opportunity is afforded the enemy to reform. The Germans are abandoning huge quantities of war materials, including artillery, ammunition and commissary supplies which are being possessed by the French forces. Many prisoners are being taken back, including dezerterers."

The Hague, Aug. 16.—Advices from the United Press Berlin Bureau reaching here today say that the German offensive movement against France and Belgium is reported well in progress. While all details are suppressed, it is stated at the war office that the capture of Brussels is now considered only a question of days. The German infantry advance, upon which great dependence is felt, has already commenced.

London, Aug. 18.—The Russian army general advance on Germany and Austria has been in progress for two days, according to the St. Petersburg correspondent of the Times, who sent the following despatch: "I am permitted to state that the Russian army began its advance on Sunday, the 17th day of mobilization. According to the news received the French army may be considered reasonably to have already achieved a strategical victory. There is good reason to believe that the German flank has been turned, which, no doubt, will compel the Germans to desist from their turning movement around Liege. Moreover, the exertion of strong pressure in the Austria-Hungary and German borders from this side, at least a week earlier than was supposed possible, undoubtedly will discourage the enemy in their attack on France."

Berlin, via Copenhagen and London, Aug. 18.—Germany has demanded the surrender of Brussels, the Belgian government has refused to grant the demand. The message sent from Berlin to the Belgian government paid high tribute to the valor of the Belgians and offered to make any arrangements compatible with the conflict between France, including the evacuation of the entire country, as soon as possible after Brussels had surrendered.

St. John Pastor's Experience.
 Rev. F. H. Wentworth, pastor of Waterloo street Baptist church arrived home yesterday after spending two months in England and on the continent. Mr. Wentworth, who was accompanied by his wife and two children, came over on the Teutonic via Montreal. Their steamer was sighted by a German cruiser but a fog helped the steamer to escape. Mr. Wentworth said the excitement on the other side on account of the war was intense.

GREAT QUIET PREVAILS IN GAY PARIS

Paris, Aug. 18.—11.15 a. m.—Paris is beginning to accept the conditions of living that have come into being since war was declared. In some respects life in the city is today more comfortable than it was during the first days of mobilization.

While there is still little news on the street after dark, conditions in this respect are improving. Some of the subway lines are now permitted to run up to 8.30 p. m., and the tramways up to 10 p. m. It is believed that on some of the suburban lines commuters in two or three days, may be allowed to leave the city for their homes even as late as 11 o'clock. In the day time the streets of the capital are quieter; such

tranquillity has not been known before in years. The reason is that more than one half of the popular traffic has disappeared. Early people are no longer apprehensive on the city streets. They can now make the crossings without endangering their lives. The governor of the city has recalled his instructions to the effect that no one may keep a stock of drinking absinthe in secret is liable to have his domicile searched.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and I had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Route No. 1, Florence, South Dakota.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?
 For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
