

MONCTON GIVES FOURTEEN MEN TO THE KILTIES

THE MUNICIPAL COUNCIL HELD QUARTERLY SESSION YESTERDAY

Decision Reached to Pay Victorian Order of Nurses \$4,000 in Lieu of Claim They May Have on Hospital Commissioners—Grant of \$3,000 to Children's Aid Society—Other Matters Considered.

The quarterly session of the Municipal Council was held yesterday afternoon in the Court House. Those present were Warden McLellan and Councillors Hayes, Wigmore, Fisher, Russell, Howard, O'Brien, Bryant, Golding, Dean, Thompson, Stephenson, Shillington, Boland, Carson and Shanklin.

The warden called the council to order at 2:40. It was decided to pay to the Victorian Order of Nurses \$4,000 in lieu of any claim they might have on the commissioners of the Public Hospital, \$3,000 was ordered placed to the credit of the Children's Aid Society, a survey of certain lands on White and Richey streets was ordered preparatory to establishing the same for hospital purposes. The by-law relating to business licenses in the county was referred back to the bill and by-laws committee for re-drafting. A request from Dr. Walker for the appointment of a committee to confer with him in regard to a proposal to build a wing to the St. John County Hospital, was complied with. A communication was read from the St. Martins Telephone Co. in regard to their assessment in the Parish of Simonds and the secretary was instructed to notify them that their remedy lay in the appeals committee. A communication from the Registrar of Deeds in regard to his office was referred to the building committee. The county treasurer was authorized to arrange for a payment of \$2,000 immediately to the Victorian Order of Nurses. On motion of Councillor Howard, seconded by Councillor O'Brien, a committee was appointed to ascertain the amount of the warrants issued by the city for county purposes, the amount paid on the same and the balance if any due the county from the city. After considerable discussion in which the warden and some of the city members claimed that the municipal council had voted away whatever claim they might have against the city it was decided to appoint a sub-committee and the warden appointed the following: Councillors Hayes, Fisher, Carson, Howard, Dean and Golding.

According to figures read by the secretary every parish in the county owes the municipality more or less. The auditor's report showed that in 1903 the city owed a balance of about \$53,000; in 1913 the amount had been reduced to about \$9,000. No further business offering the council adjourned.

SIR. F. WILLIAMS-TAYLOR CALLS ON MEN OF HIS NATIVE TOWN TO UPHOLD NEW BRUNSWICK'S HONOR

Stirring Message from Him Read at Big Recruiting Rally in Moncton—Fourteen Respond to Appeal—Fund to Buy Kilts for Col. Guthrie's Battalion Swelling Rapidly.

Special to The Standard. Moncton, Oct. 3.—The recruiting meeting held here tonight in the interests of the Kilties was a big success. The hall was packed to the doors with an enthusiastic crowd of men, and at the close of the meeting no less than 14 signed the roll, and many others expressed their intention of doing so a little later.

Col. Guthrie read the following message from Sir Frederick Williams-Taylor: "As a Monctonian I feel impelled to send you my heartfelt wishes for a successful recruiting meeting." Coupled with this message was the following: "Men of my native province of New Brunswick, I beg you to throw away the implements of peace and join forthwith this greatest fight for liberty, freedom and justice in defense of the British Empire." The reading of this message evoked the heartiest cheers, and judging from the response bore fruit.

The sum of \$20,000 is needed to pay for the kilts for the men, and the money is being raised by private subscriptions. Every man who gives \$50 has his name bracketed alongside the name of the man who wore the kilts which he paid for. Brigadier-General H. H. McLean is looking after this part of the work, and has secured the following subscriptions in Montreal to date:

FINE RECORD MADE BY CONVALESCENT HOME SHOULD BE LARGER, IS COL. SHARPLES' OPINION

Colonel J. J. Sharples, O. C. Military Hospital Commission, and Colonel Thompson, O. C. Military Hospitals Medical Board, in company with Captain Bruce, O. C. of the discharge depot, St. John, and Secretary Robinson of the Returned Soldiers' Commission, visited the Parks Convalescent Home and the Military Hospital yesterday, and after making a careful inspection of the premises and interior, pronounced both institutions in splendid condition.

Colonel Thompson, who is the federal member for Yukon, when asked if the present facilities in St. John were adequate to attend to the number of patients which may during the course of the war arrive here, replied that the only fault he had with the Convalescent Home was that it was not large enough. "The work of looking after the wounded is only in its infancy," said the colonel, "and it will require some time before matters are straightened out. Although we have a chain of hospitals extending from Charlottetown, P. E. I. to Vancouver at the present time, there are still many alterations and improvements to be made."

Colonel Thompson in company with C. Robinson left last night for Fredericton in connection with hospital work. They will return this morning, as Colonel Thompson is to speak on this subject at the Soldiers' Club.

George Hennessy's Injuries. George Maxwell received a letter yesterday from his daughter, Nursing Sister Marion Maxwell, who is stationed at Colchester Hospital in England, telling of her work there. Among the wounded who had just been brought in at the time of writing was George Hennessy, of the West Side, who was wounded in the right arm and shoulder. He wished her to say that while the wound would keep him in hospital for some little time it was not of a dangerous nature. While his many friends in the city will regret to hear of his being wounded they will be glad to know that the wounds are not of a dangerous nature.

Red Cross Meeting. The annual meeting of the local Red Cross Society will be held on Friday, October 6, at three p.m. in Stone church schoolroom. In addition to the reading of reports and election of officers, Major Corbet will speak on Red Cross work, as he knows it from practical demonstration.

Government Railway Policeman Roberts and James Sullivan, an office clerk in the depot, left yesterday for Queens county on a hunting trip.

Meeting at Soldiers' Club. This afternoon at 3:30 Colonel Thompson and Colonel Sharples, will address a meeting of the citizens on the welfare of returned soldiers, at the Soldiers' Club. As both gentlemen are members of the Military Hospitals Commission they have gained intimate and personal information concerning the work in connection with returned soldiers. The meeting this afternoon will afford a splendid opportunity for the people of St. John to learn what is being done by the government for the boys who played a gallant part in the Empire's war and are fortunate enough to return home.

An Uncommunicative Visitor. R. T. Crane, a prominent steel magnate in Chicago, accompanied by his wife and family, arrived in his private car, attached to the Boston train in the city last night. This is his fourth trip to Canada this year, and he has visited nearly every city of any importance in the Dominion. When asked by a representative of The Standard if his visits and observations throughout the Dominion had any bearing upon the proposed steel salp-building plants which are receiving the attention of prominent and progressive business men, he smiled and replied that at present he had nothing of importance for publication in regard to the matter. He left on the Halifax train for the garrison city.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress; particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritations.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

Recruiting Meetings Friday.

Two big recruiting meetings are to be held on Friday night for the purpose of inducing young men to enlist in the 25th Battalion. One meeting will be in the City Hall, West St. John, commencing at eight o'clock, while the other meeting will start at ten o'clock in the Imperial Theatre. Special speakers who will deliver addresses will be announced later, and Lieut.-Col. Guthrie, the officer commanding the 25th, will speak at both meetings.

THROW OPEN HUNDREDS HOMESTEADS IN CENTRAL BRITISH COLUMBIA.

Prince George, B. C., Sept. 29.—The British Columbia government will throw open for settlement on October 9th, two large tracts of land containing 400 homesteads of 160 acres each. These homesteads are in the most fertile districts of Central British Columbia. One of the tracts lies along the north side of the Nechako River about eight miles east of Fort Fraser, while the other block is on the west side of the Stuart River, near its junction with the Nechako.

These lands have been under reserve since 1911, but the progress of settlement has been so satisfactory as to make it desirable to provide additional opportunities for settlers. Application for the land should be made through the office of the British Columbia government agent at Fort Fraser.
