GIANTS RALLIED;
TOOK THIRD GAME

Turned Tables on White Sox Yesterday By Decisive 2-0
Score—Benton Was a Puzzle To American
League Champions

New York, Oct. 11.—Cheered on by thousands of loyal rooters, the New York Nationals turned desperately upon the Chicago Americans in the third game of the world's series here yesterday and shut out their inter-league rivals by 2 to 0. It was an entirely different appearing team that faced the White Sox at the Polo Grounds. For the first time since the present struggle for titular baseball honors began the Giants fought and won both victory and the breaks of the game.

As was the case in the initial contest in Chicago, the struggle developed into a pitchers' battle, but yesterday it was Eddie Cicotte who was forced to bow before the prowess of the opposing hurler and the sweeping bats of the Giants. Pitted against "Rube" Benton, the star of the White Sox hurling staff, all the elements of a skillful as he in delivery, as crafty in generalship, and who refused to allow Cicotte's team mates a run to ease the strain. Only six of the visitors reached first base on hits and one on a fielder's choice, and of these only two saw second base.

One Inning Did Trick
Behind Benton, the Giants played with a dash and brilliancy which were completely missing in the two preceding games. Despite Cicotte's fine control and deceptive curves, they smashed into the delivery of

the White Sox pitching star in the fourth inning and hammered out the two runs which spelled victory and restored their confidence for the contests to come. After the game, the Nationals expressed the belief that they would be able to repeat to-morrow and start westward Thursday night on even terms with their American League opponents for the fifth game of the series set for Saturday in Chicago.

Among the fans last night the name of Davis Robertson is praised in equal proportions with that of Rube Benton. Between them these two diamond combatants brought about the downfall of the Chicago break in the series of defeats was none too brief.

For three and a half innings the opposing boxmen had proved invincible, and the thirty odd thousand fans present were settling down for a hurrying duel when Robertson sprang into the calcium glare of fame. He ended the White Sox fourth inning attempt to penetrate the pitching of Benton with a great running catch of Gandil's long, sizzling drive to right field when he hurled himself against the concrete wall of the grandstand and plucked the ball with one hand just as it was about to strike the wall. Had he missed the catch Gandil's smash would have gone for at least a two base hit.

REVOLT ON GERMAN WARSHIPS
PUT DOWN WITH SEVERITY

Papers Found on Marines at Wilhelmshaven Said To
Have Shown Conspiracy With Independent Radicals
of Germany—Many Men Pay Death Penalty

(Canadian Press Despatches)
London, Oct. 11.—A revolutionary outbreak on German warships at Wilhelmshaven about six weeks ago is reported in a Central News despatch from Copenhagen. This uprising is said to have had all the elements of a widespread and organized revolt, and to have been suppressed only with the greatest difficulty.

Several mutinous outbreaks also are reported to have occurred among soldiers at the front. These were not of such a grave character, the despatch says.

Not Least Punishments.
A Reuter despatch from Amsterdam says advice received there from Berlin are to the effect that Chancellor Michaelis declared the punishments inflicted on the men at Wilhelmshaven were not unjust, papers found on them indicating that they had bound themselves to recognize the principles of the Independent Socialists, and proving that they had carried on an extensive agitation in the fleet. The Chancellor is reported to have added that the independent Socialists belonged to a party in which he could place confidence, as they were endangering the State.

The punishments meted out to the men, he said, had to be severe, as everything was at stake in a critical moment.
A despatch to the Exchange Telegraph Company from Copenhagen says that after the statement of Admiral von Capelle in the Reichstag concerning the naval plot, Deputies Dittmann, Haase and Vogther denied the correctness of his assertion. They had conferred with the sailors, they said, but no such plan as Admiral von Capelle alleged was submitted and received their approval. They added that the Admiral aimed at forming a coalition against the Socialists.

A despatch to the Central News from Amsterdam says that at the conclusion of Admiral von Capelle's statement in the Reichstag on the mutiny in the German navy there were scenes of the most disorderly character, the shouts from the other Deputies being heard loud above the furious interruptions of the Socialists.

Four Battleships Concerned
Amsterdam, Oct. 11.—A mutiny among the crews of four battleships of the German fleet has occurred at Wilhelmshaven. One of these battleships was the Westfalen, whose cap-

tain was thrown overboard and drowned. The crews landed; Marines refused to fire on them, whereupon soldiers surrounded the sailors, who surrendered.
A mutiny is reported to have occurred on the German warship Nurnberg, which was at sea. The sailors seized the officers and proceeded in the direction of Norway, with the intention of being interned. The Nurnberg was overtaken by destroyers and forced to surrender.
Emperor William went to Wilhelmshaven and ordered that one of every seven mutineers be shot. Chancellor Michaelis protested, with the result that only three were shot. Heavy sentences were imposed on the others.

In a speech to the Reichstag regarding the plot discovered in the German navy, Wilhelm Dittmann, Socialist member, said the punishments inflicted on men in the navy for the mutiny at Wilhelmshaven amounted collectively to two hundred years' penal servitude, and that several men had been condemned to death.

CONTINUE FISH SUPPLY.
By Courier Leased Wire
Toronto, Oct. 10.—Despite the coming of winter, with ice bound lakes, the Ontario Government expects to continue the supply of fish for older Ontario from Lakes Nipissing and Nipigon. Arrangements along this line have been made and also in the direction of spawning operations to prevent the lakes being fished out.

HALIBUT HIGH.
By Courier Leased Wire
Prince Rupert, B.C., Oct. 10.—Halibut reached the highest price in history of fishing here. A boat load of 2,000 pounds sold for 18 1/2 cents per pound landed at the wharf.

CITY MAKING MONEY.
By Courier Leased Wire
Nelson, B.C., Oct. 10.—Nelson city this year for the first time in its history, has financed its operations without borrowing any money from the bank, and is now \$10,000 ahead, stated the city clerk last night.

New York, Oct. 10.—The unfilled tonnage on the books of the United States Steel Corporation of September 30 last, 9,033,477 tons, a decrease of 573,572 tons from August 31, according to monthly statement of the corporation issued today.

KILLED CHILD.
By Courier Leased Wire
Weyburn, Sask., Oct. 10.—Augustus Boehm was yesterday found guilty of the murder of his illegitimate child and sentenced by Judge Elwood to hang on January 9.

THE mother of the child, Mrs. Julianna Gram, now serving a term for concealment of birth was the chief witness against Boehm.

ST. GEORGE POST-
MASTER TELLS FACTS

Says His Wife's Like a New
Person Since Taking
Tanlac

Probably no higher endorsement of a proprietary medicine could be given than that of C. P. Keefe, postmaster at St. George, while at the Robertson drug store Saturday in talking to the Tanlac representative about the recovery of his wife's health. Mr. and Mrs. Keefe had driven over to Brantford in their auto. While Mrs. Keefe was doing shopping, Mr. Keefe entered the drug store and called for his fifth bottle of Tanlac. To the Tanlac man he said: "This medicine has made a new woman of Mrs. Keefe, and you can't imagine how grateful we feel over her recovery. One or two more bottles will complete her recovery as she already has taken four bottles and her improved condition in every way is the talk of our neighborhood."

"For several years," continued Mr. Keefe, "my wife suffered with persistent indigestion. At times her food would ferment and she would spit it up and suffer for hours in the pit of her stomach. Then bilious attacks would come on. She seemed to get no nourishment from what she ate and generally had a tired, draggy feeling through the day. She had little energy or ambition and nothing, not even her household duties, seemed to interest her."

"Mrs. Keefe was so nervous at times that the least noise would startle and disturb her, and her rest and sleep was often broken up. She suffered much with severe pains in her back, side and shoulders. She fell off in weight and the decline in her health alarmed me and her relatives and friends. I hardly knew what to do for her as she had tried almost all kinds of medicine and treatments and nothing seemed to help her."

"Finally we began reading about Tanlac and concluded to try it and it has been worth its weight in gold. Mrs. Keefe is now a different person. She retains her food and that bloated condition has disappeared. Those bilious attacks are less frequent, her color is better, her appetite is fine and she sleeps now like a child. She is no longer nervous, has regained her strength, is not bothered by indigestion, aches and those pains in her shoulders and back have about disappeared."

Tanlac is sold in Brantford by Milton H. Robertson & Co. Limited, in Orillia by M. H. Cooke & Co.; in Elmville by W. J. McGuire; in Letroy by G. R. Ardill; in Stayner by B. West; in Coldwater by C. G. Millard; in Midland by George Gerrie; in Barrie by George Monkman; in Cookstown by W. G. Mackay; in Alliston by E. B. Schell; in Watbushene by Georgian Bay Lbr. Co. Ltd.; in Brantford by W. L. Campbell; in Lisie by Robert H. Little; in Tottenham by Chas. A. Weaver; in Penetanguishene by Chas. A. Nettleton; in Hawkestone by Thos. A. Stone; in Hillsdale by Richard Humble.

RACE POSTPONED.
By Courier Leased Wire
Laurel, Md., Oct. 10.—At a conference yesterday afternoon in which representatives of August Belmont, Wilfrid Vau and Laurel track took part, it was decided to postpone the special race between Omar Khayyam and Hourless until Thursday, October 18.

The conditions for the contest contained a clause that the race should be run on a fair day and fast track. This would be impossible to-morrow, the original date set.

A.F. CLASS MET
IN Y.M.C.A. HALL

Unique Gathering of Former
Baptists of City Now
Overseas

The following interesting letter has been received by the Rev. L. Brown:—
My Dear Pastor:
We had a rather unique little gathering of the old members of the A.F. class now in this camp, the other night, and I thought you would be interested to know of same. We made arrangements with the Y. M. C. A. office in charge of one of our huts, and he prepared a nice little supper, in fact the boys said it reminded them of one of the old A.F. banquets.

Those present were the following: Sig. A. Brigham, Corporals Lloyd Schram, Clarence Parsons, Almer Peirce and Bert Spencer, Lieut. Jack Orr and yours truly.

We spent a very profitable evening chatting over the old times, and I can assure you that many incidents which happened in the old First Baptist Sunday school were recalled. We were fortunate in having with us Col. Bert Spencer, who was home on leave from France, and we were more delighted still to know that he had received the Military Medal for conspicuous bravery. Bert looks fine after two years and four months in France. I enclose herewith a copy of report giving particulars re the decoration, and I am quite sure he will not be the least of the boys that are decorated before this terrible war is completed.

Most of the boys still carry with them their class pin, and I feel quite sure have really endeavored to sustain its motto, that is, "Always faithful." You can imagine how greatly I appreciate this opportunity of again touching the lives of these brave lads, and my heartfelt prayer is that I may have the opportunity of going back with them to France. I like to think that it is part of God's plan in my life in thus bringing me back from France, which made it possible for me to meet these boys. There is hardly a night in the week that one or more of these lads do not drop in my office, and at such times we love to discuss the latest news from home, as I have repeatedly said to you, and I wish you to pass it on to the parents of these boys, that if at any time I can in any way be of assistance, I wish them to use me.

We were discussing the other night the possibility of the A. F.'s being re-organized after the war. Who knows but that I may once more have the opportunity of again leading this group, now grown to be young men, in Bible study in the old school.

I had a very interesting evening the other night when I had the privilege of meeting Mrs. Holman Bentley, widow of the late Baptist minister, and the late pastor of the church. She is one of the most brilliant women I have ever met, and although advanced in years still retains a keen intellect and sparkling personality. I had the pleasure of looking over the biography of her husband, of which she was the authoress. She has also written a number of other books for the Congo, having translated French into Congo, compiled a Congo arithmetic, grammar and music. As you doubtless are aware, her husband spent many years translating the Congo language into English. She told me that she spent 19 years in the heart of Africa, and I am looking forward with keen pleasure to more visits to this very interesting home.

Well, I must not consume any more of your very valuable time, but close with kind regards to you and yours.
I am, as ever,
Most cordially yours,
WILL H. PEIRCE.

TRADES AND LABOR
ENDORSES BYLAW

Urges Property Owners To
Vote Favorably On Fuel
and Food Question

Five members of the Trades and Labor Council gathered around a table in the Labor Temple, and held a chatty little informal meeting last night. President Stinchcombe, Financial Secretary Albert G. Brown, Recording Secretary George Keen, and Delegate Moran.

Delegate Keen pointed out that the city fathers on Monday night adopted the recommendation of the T. and L. council, that the fuel referendum be voted on before the 1st of January, and pointed out that the only opposition that could be expected was from the property owners. The following letter from the Fuel Controller was read, and was followed by a general discussion of the fuel situation.

Office of the Fuel Controller for Canada, Ottawa, Oct. 9th, 1917.
Attention George Keen, Corresponding Secretary.
Dear Sir,—I have your letter of October 4th, relative to the coal situation in your city, and enclosing copy of resolution passed by the Brantford Trades and Labor Council. In reply, I may inform you that definite regulations are now being drafted for submission to His Excellency, the Governor General, dealing with the whole question of retail and wholesale prices of coal, and providing definite machinery for administering its provisions. It is hoped that these regulations may be promulgated and become law within a very few days.

Yours faithfully,
CHAS. W. PETERSON,
Deputy Fuel Controller.
Brantford Trades and Labor Council.
The consensus of opinion was to the effect that the principle of the fuel referendum was one which the workmen of the city should support and the following motion to that effect was unanimously passed, all five councillors voting yeas.

The discussion culminated in the passing of the following resolution, moved by Secretary Brown and seconded by Corresponding Secretary George Keen:
That this Council go on record as endorsing the fuel by-law and strongly urge that all property-owners support the same as being in the best interests of the citizens. The agitation now being promoted in certain quarters of the city for one-half holiday each week for the girls who work in the stores was referred to by Corresponding Secretary Keen, who thought that the claim of the girls was a just one. A resolution to this effect was passed.

Representation in Y.M.C.A.
That there was no representation of the working men on the Board of Directors of the Y.M.C.A. was called to mind by Delegate Kite. It was pointed out that the institution frequently appeals to the workmen for support and that in the personnel of the board not one workman was included.

Delegate Keen expressed the opinion that if workmen would engage in Y.M.C.A. and undertake the responsibility they would have as much an opportunity as any other class to become members of the board.

BREWSTER BUMPED.
By Courier Leased Wire
Vancouver, B.C., Oct. 10.—The Progressive Liberal Association at a meeting last night passed a resolution reaffirming its allegiance to Sir Wilfrid Laurier as leader of the Liberal party and its support of the Winnipeg platform and disapproving of Premier Brewster joining the government of Sir Robert Borden.

Joseph Martin criticized the action of Mr. Brewster as an outrage.

OTTAWA'S ASSESSMENT.
By Courier Leased Wire
Ottawa, Oct. 9.—The total assessment of this city is given by the assessment commissioner at \$111,472,000 and the population as 101,549, increases respectively, of \$1,776,297 and 988.
