Q. Does that go to the North-west Mounted Police veterinaries?—A. No, to local veterinaries; none of it goes to police veterinaries. All we do is to recoup the mounted police appropriation for what extra service we call upon them to do. That is, of course, it costs a good deal more to keep men at out of the way places like St. Mary's River and the other places where we have the quarantine stations, and we simply recoup the mounted police for the cost of maintaining these men and the outfit.

In giving details of our arrangements for the reception and care of immigrants, I ought to have added that if within one year after their arrival they fall ill and are unable to pay for themselves, we pay for their maintenance and medical treatment in the hospitals in Manitoba and the Territories. I may also mention that an outbreak of small-pox amongst immigrants a couple of years ago, led to a very heavy expense, and to the necessity of establishing a preventive hospital in the neighbourhood of Port Arthur, the cost of which we are to share with the Provincial Government of Ontario and the Canadian Pacific Railway.

What I wish particularly, however, to impress upon the Committee is that all the services which I have endeavoured to outline above have had to be met this year out of an appropriation of \$130,000, and, as I have already indicated, the extent of the field which we are attempting to occupy must be seriously curtailed if the appropriation is not restored to its former figure, at least.

## IMMIGRATION LITERATURE AND AGENCIES.

*By the Chairman :*

Q. Have you any copies of the pamphlets that you distributed?—A. Yes. I have a complete set of them here.

Q. Printed in the different languages?—A. Yes, there are pamphlets in French, German, the Scandinavian languages and English. There are quite a number of them, as you will see.

Q. Have there been any new pamphlets brought out of late?—A. We are always getting out new material. There are some standard publications like the "Handbook of Canada," which we try to freshen up every year. We get the provincial authorities to revise and rewrite the paragraphs respecting the advantages they offer to immigrants, and we add to and change portions ourselves from time to time, taking away the materials that have become stale or may not be very appropriate.

Q. You did not give us the result of the operations of late years—the number of immigrants who have been brought to the country?—A. No, I have not. I dealt with that subject very fully, as the Committee may remember, in my annual report some
