

# GOOD BUT CHEAP

continued from page 10

difficult to recover the \$700 lost the first three weeks.

"It's bound to take a while for this idea to really get off the ground. After all, look at Student Cinema—it took three years to really get moving, but now people often come on Friday nights without even knowing what will be playing. We hope that after a while we'll get established too. We submitted a break-even budget

to council, and they were willing to give us a chance."

This weekend the local band Hot Cottage will be playing, the latest in a series of truly varied performers to play at Soup Kitchen. So far there has been folk music, sitar music, bluegrass and blues, and it is hoped to get a good jazz group in the near future.

"The 75 cents cover is to pay for the band," says McRae, "and we hope the food service will pay for itself. the food prices are

really reasonable—for instance, a bowl of homemade soup costs 30 cents, and you can have a second bowl for free if you bring back the dirty bowl. Also, a combination of soup, half a loaf of french bread, sald and coffee is only 75 cents.

"Furthermore, when we have a liquor license, we charge only about \$2.00 for a bottle of wine, which is pretty good when you consider the fact that we're allowed, within the law, to charge as much as \$2.50."

So you see, it sounds like a pretty good deal. In fact, if response is good enough, it may expand to two nights a week before the year ends.

Saturday night, Hot Cottage will be providing the music, so keep it in mind.

## Travel opportunity...

Now—for business students who would like to travel overseas but cannot because of financial restrictions.

The Association for Students of Economics and Commerce has announced an exchange program with several foreign countries to give students, interested in a career in business or economics, a chance to work in a foreign country and be paid for it.

The A.I.E.S.E.C. is currently active in forty nine countries including 284 universities. As a member of the organization, the student has the opportunity to work in the country of his choice for a period from 6 weeks to a maximum of one year at the average salary level of that

country.

An important aspect of "eye-see" is the chance it offers to business students to gain valuable work experience and at the same time learn and understand something of the world. The jobs that are offered are neither menial nor routine. On the contrary, they are stimulating and different, giving the student an insight into a foreign economy, business methods, language, as well as travel and personal development.

For further information call Dean Manylyk 488-7917.

A general meeting for all interested students will be held next Wednesday at 5 p.m. Rm. 449 Central Academic Building.
