

cause of the delay on his part  
is explained in the Agents letter  
of the 19<sup>th</sup> Ullimo, a copy of  
which I enclose herewith as well  
as a copy of his previous com-  
munication of the 28<sup>th</sup> of August  
1882.

My own impression  
in regard to the matters in  
dispute is in accordance with  
the Agents view that they are  
not so much the result of any  
rivalry between the Roman  
Catholic and Protestant sections  
of the community as of that  
which exists between the Chief  
Masters being on one side and  
Chief Laurent, Solomon Ruel  
(the latter a Protestant) and  
Louis Hagey on the other.
