Dear Mr. Webb:-

Re-Stone I.R.-Chiles Ranch.

When in Vancouver at the latter end of July I saw in Mr. Ellis' office a bound copy of your report to your Department with regard to the proposition of cost which should be borne by my Department in connection with suggested improvements to the irrigation system reported on by Engineers Murray and Varran. In speaking to you on this matter you informed me that you had furnished a copy of the said report to this office and I stated I had never seen it. I have now made a diligent search among the files and find that this was not received. The last report on this subject was dated 21st of March, 1927, which is a joint one of Engineers Murray and Varran. I would, therefore, be obliged to you if you would kindly let me have a copy of the report referred to.

WHD/KD.

Yours truly,

W. E. Ditchburn,  
Indian Commissioner for B.C.

C. E. Webb, Esq.,  
District Chief Engineer,  
Dominion Water Power & Reclamation Service,
