

DIARRHŒA TINCTURE.

Compound tincture of myrrh, six ounces; tincture of rhubarb and spirits of lavender, of each five ounces; tincture of opium, three ounces; oils of anise and cinnamon with gum camphor and tartaric acid, of each, three-quarters of an ounce. Mix. Dose—One teaspoon in one-half a tea-cup of warm water sweetened with loaf sugar; repeat after each passage.

ISTHMUS CHOLERA TINCTURE.

Tincture of Rhubarb, cayenne, opium and spirits of camphor with essence of peppermint, equal parts of each, and each as strong as can be made. Dose—From five to thirty drops, or even to sixty, and repeat until relief is obtained, every five to thirty minutes.

TOOTH POWDER.

Take any quantity of finely pulverized chalk, and twice as much finely pulverized charcoal; make very fine; then add a very little suds made with Castile soap, and sufficient spirits of camphor to wet all to a thick paste. Apply with the finger, rubbing thoroughly, and it will whiten the teeth better than any tooth powder you can buy.

SPAVIN LINIMENT.

Oils of spike, origanum, cedar and spirits of turpentine, of each 1 oz.; Spanish-flies, pulverized  $\frac{1}{2}$  oz.

Apply once in six to nine days only—remove the lump of spavins, splints, curbs, &c., if of recent occurrence; and the man of whom I obtained it, says he has scattered poll-evils before breaking out, with cedar oil, alone.

*Another Recipe.*—Alcohol and spirits of turpentine, of each  $\frac{1}{2}$  pt.; gum camphor, laudanum, and oil of cedar, of each 1 oz.; oils of hemlock and rhodium, and balsam of fur, of each  $\frac{1}{2}$  oz.; iodine 1 dr.; mix.

Apply night and morning, first washing clean and rubbing dry with a sponge; then rub the liniment into the spavin with the hand. It causes a gummy substance to ooze out, without injury to the hair—has cured ring-bones, also removing the lumps in recent cases. It cured the lameness in a case of three years standing.

SPLINT AND SPAVIN LINIMENT.

Take a large mouthed bottle and put into it oil of organum 6 ozs.; gum camphor 2 ozs.; mercurial ointment 2 ozs.; iodine ointment 1 oz.; melt by putting the bottle into a kettle of hot water.

Apply it to bone-spavins or splints twice daily, for four or five
