*"Teach me how to bomb, please,  
Teach me how to bomb,  
Like the boys are doing it  
Down there on the Somme.*

*Show me whom to pitch 'em at  
And where to pitch 'em from,  
And shove me in the firing trench  
But teach me how to bomb."*

## **Bombing Taught by Post**

**The International Bombresponders School**

☞ Guarantee efficiency in bomb throwing in all its branches. It teaches you what bombs are made of. It shows you how to throw them. The famous leg-break bomb or the googly. It tells you how to keep them from Baby. It instructs you how to catch them and throw them back again without the aid of Lacrosse sticks.

### **BE A BOMBER**

☞ Be a Bomb Bomb Bomb Bomb Bomb Bomb Bomber. A British Grenadier!

### **THINK A MINUTE**

☞ Suppose David had had a bomb and known how to throw it? Couldn't he have na-pood Goliath much easier? Think it over! Suppose Mr. Boreratio Rottenly threw bombs instead of ink? We should worry!

☞ There are all kinds of 'ists now-a-days. But the *Bombist* is the boy and *Bombism* is *Business*.

*A bomber is a soldier bold  
Who throws aside his gun  
And takes a little Mills Grenade  
And spifflocates the Hun.*
