Bundle-Laden Customers and Employes Stopped.

Strike Pickets Refuse to Allow Pur chases at the Big Stores to Be Taken Home-Hackmen Not Permitter to Accept Patrons of Boycotted Shops as Fares-The Goal Crisis-Drivers Intimidated.

Chicago, May 3.—The cordons union pickets stationed on the curbing in State street and Wabash; avenue have been supplemented greatly in numbers with the result that in spite of the vigilance of the police, carriages and hacks are stopped and drivers and their fares warned against attempting to carry purchases home from the boy cotted stores.

Store employes burdened with bundles are stopped and their parcets taken from them and torn open and searched by pickets and union sympathizers to see if they are attempting patingers to see it they are attempting to deliver goods to customers or carrying their own property to their homes. After assuring the pickets that the contents of the bundles belong to them they are not disturbed further.

Woman Shopper Compelled to Walk. In one instance a hired carriage was stopped in Wabash avenue and ccupant a woman shopper compelled to get out and walk. Another woman, with both arms full of bundles, was caught by the skirts and stopped as she was about to step into a cab in State street. The cab driver was warned not to take her as a fare. Undaunted, the shopper walked to another corner, where she hailed a second cab. Again she was stopped by the union sympathizers. Finally she boarded a street car.

In most cases the drivers request their passengers to alight on the opposite side of the street and walk over to their destination. With one exception, none of the State street stores attempted to make deliveries in the residental districts Monday although at all the howeatted esday, although at all the boycetted es tablishments assurances were freely given that the wagons would start ou yesterday. With few exceptions the drivers generally refuse to carry passengers to a boycotted store.

Serious Scarcity of Coal. The need for coal rapidly is developing into one of the most important factors of the teamsters strike. Chicago, May 3.—Rioting and blood-shed in all parts of the city, resulting in the death of one man and the in-jury of scores of others, marked the jury of scores of others, marked the progress of the teamsters strike yesterday. While the strike did not spread to any new establishments, the mobs seemed to throw all restraint to one winds, and attacks were made on non-union drivers with a recklessness that stunned the police.

ause.

About 300 negroes arrived from Kansas City, and while they were being estorted to the non-union headquarters they were attacked by a mob with which the police were powerless to cope. For a distance of several blocks a desperate battle was waged between the meb and the non-union men, and police and private detectives guarding them. Rocks flew through the sir like hall stones, shattering the windows on both sides of the street. It was in this riot that Charles Beard was struck on the forehead with a stone and killed. The non-union men were hurried into a cold storage building at Rush and Michigan streets, while the police stood guard with drawn revolvers till reinforcements arrived.

Scores of Shots Fired.

Scores of Shots Fired. Another fierce battle between a meb and non-union men took place near the non-union headquarters at 508 State street. For a time the police battled with the mob, and scores of shots were fired. An accurate list of those injured could not be precured, as dozens of men who were not seriously injured, were taken away by friends. An ambulance was called to take away those seriously injured. Shooting was also resorted to by colored non-union men yesterday at Harrison street and Wabash ayenus.

Team Owners Not In It.

The Chicago Team Owners' Association, employing 6,000 truck drivers, held a meeting yesterday afternoon and retused to go to the aid of the big merchants in the fight. They will stand by their union drivers, and not ask them to deliver goods to any of the stores now on the strike list.

Death Accidental, Says Jury.

Ottawa, May 8.—Calixte Charron of Lowe Township, Ottawa County, who was arrested Sunday for killing Napoleon Welsh, has been acquitted by the coroner's jury, whose verdict was that the shooting was accidental. He is still, held, however, in the county jail on a charge of murder. The first stories of the affair made it appear a most cold-blooded murder, but evidently these were exaggerated. successful and enjoyable

A very successful and enjoyable mite box and congregational social was held in the Christ Church Sunday school room last evening. The evening was held for the purpose of collecting and opening the different mite boxes that have been out through the congregation during the past year. It was found that out of 25 boxes opened \$52.18 was realized, which was considered very good indeed. There are about 40 boxes out, so that this amount will be materially increased.

The evening opened with the following program, which was presided over in an excellent manner by Rev. Mr. McCosh:—
