EXPORT BUTTER AND CHEESE
Montreal, Saturday, April 24. — There is corresponding week last year, an increase practically no demand for cheese coming of fully 60 per cent. This does not bear of fully 60 per cent. This does of fully 60 per cent. This does not bear out the reports from the country, which are to the effect that the make is about the same as last year. It is rather early to judge. The shipments have been very light, agregating 3000 to 4000 boxes, consisting principally of cheese that have been held here in ooil storage of butter in the feature of the trade this week has The feature of the trade this week has the face of the decline is the face of the decline in the face of the decline in the face of the decline in the face of the decline is the face of the two articles is likely to influence the

the face of the decline in cheese values. This change in the comparative value of the two articles is likely to influence the factories to make butter wherever possible to the control of the two articles is likely to influence the factories of the control of th

HOLSTEIN-FRIESIAN NEWS

Farm and Dairy is the official organ of The Canadian Holstein-Friesian Association, all of whose members are readers f the paper. Members of the Association are invited to send items of interest to Holstein breeders for publication in this column.

WHY HOLLAND FARMERS ARE PROS-PEROUS. At one time I found that records had

At one time I found that records had been kept of yields for many years, and the property of t

Holsteins in order to introduce fresh blood from the original fountain head. Their animals will not produce as much milk and butter at home as will ours, but they are absolutely natural and full of vigor when they come to us.

COW TRANSFERS FOR FEB., 1999.
The publication of these transfers is paid for by the Holstein-Friesian Breeders' As-
