THE FOURTH VOLUME OF THE
FARMERS' ADVOCATE
FOR 1869.

This journal having met with such great encouragement from the practical men of the country, will be published at the usual cheap rate, and is to be vastly improved. An additional staff of able assistance is now engaged for the coming year, and we aim to make this journal the most valuable publication in Canada. To those wishing to procure or know about the best kinds of Stock, seeds or Implements, or to purchase or dispose of land. It is now unsurpassed, as it gives accounts of the Agricultural Emporium, where the trials are made and seed imported.

Terms of the paper, \$1 per annum in advance. In clubs of four or more, 75cts. Single copies 10cts. Advertisements for single animal, not more than five lines, 50cts! Agricultural advertisements on inside page, 10cts per line. Outside page, 20cts; specials 30cts; editorials 50cts. Agricultural correspondents find a free space in our paper and are requested to write. Every farmer should take the paper that advocates his interest.

We hope all who are in arrears will pay up at once, and all that are not, will renew in time to have the Jan. No. as soon as published, which will be on the 24th of December.

We have issued six supplements and extras this year, and intend issuing a greater number next year, and send as usual, post free, although we have to pay the postage. The coming year, we

intend to issue this journal with its supplements and extras, oftener than any Agricultural Paper in Canada.

We return thanks for all past favors, and believe we have gained the confidence of our readers, that our motto is true. We solicit a continuance of your patronage, and hope that each one of you will exert yourselves a little, by either getting up a club or inducing some active person to do so. The great and generous presents given by the really industrious men of the country for encouragement of our enterprise, must convince the most sceptical that this is no humbug. If you have any doubts, refer to any member of parliament. If you have not yet commenced to get up a club, go to work immediately and you must be a gainer. You have just the same chance as anybody else, to gain any of the large prizes. See advertisement. They will be awarded on the 20th of this month. Have your list filled and sent in time, as we intend giving the accounts in Jan No.

Persons having real estate for sale, can have no cheaper or better way of letting it be known than by sending full particulars to this office, as it costs them nothing while on our list, unless sales are actually effected, and then, only the low charge of one per cent. on the amount of sale.

Numerous applicants are continually calling and writing to us about lands. We do not wish to advertise lands at our expense, if the price demanded is beyond what we consider its value. If any of you wish for unreasonable prices, do not apply to us but advertise at your own expense. In the above list are lands varying in price from \$2.50 to \$100 per acre. Good land near railroads, for \$5.50 per acre. Why go to prairie lands and find nothing to build with, nothing to burn, and no fence timber? Stay in Canada when land can be had at such prices, in a well settled, well governed and prosperous country.

For particulars subscribe for the "Farmers Advocate." Send stamp in paid letter for reply about terms of any lot.
