

Never misses the once-in-a-life-time opportunity

Never loses the rare chance, for Dominion ammunition is as quick as lightning. It strikes hard and stops what it hits.

Put it through the efficiency test. Try it out on either big game or wild fowl shooting. Learn why it is the choice of professional guides and experienced hunters.

Dominion is the perfect ammunition

You will find the primers sensitive and sure fire, the loads uniform, accurate and powerful. These are characteristics of all Dominion cartridges and are the result of efficient materials, precise loading and careful inspection.

Back of all this is the skill of specially trained men and one of the best equipped ammunition factories on the continent.

There's a Dominion dealer in your town and he's worth looking for. Send 10 cents postage for set of colored game pictures.

Gossip.

At a show of dairy cattle held at Waterloo, Iowa, the second week in October, seven breeders representing six States, and Ontario, Canada, contributed entries, of which R. J. Fleming, Toronto, from his strong herd of Jerseys, won ten important prizes, including first in a red-bull class, and also senior championship on his Fairy's Noble Jolly, which was also senior and grand champion at the Canadian National Exhibition, Toronto, this year, and second on aged cows with Meadow Grass, which was also first in class and senior and grand champion at Toronto. Second on three-year-old females at Waterloo was also won by the Fleming herd, on Brampton Noble Sultana 2nd, as also was second prize for dairy herd.

POPULAR HALL SHORTHORNS.

Nowhere in this country can a choicer lot of Scotch Shorthorns be found than on the Poplar Hall farm of Miller Bros., at Brougham, Ont. Champions and grand champions at the Canadian National Show at Toronto have been bred here, as well as several of the highest-priced bulls and heifers ever sold in Canada, and the herd was never stronger in high-class animals, both heifers and young bulls, than now, the get of the continental-renowned sire, Imp. Uppermill Omega, of the great Martha tribe. Although getting along a bit in years, this great bull is breeding better than ever, but probably to him should not be given all the credit for the high-class character of the younger things for the breeding females of the herd carry an excessive thickness of flesh, and their breeding is the very best. Every one of the half-dozen young bulls on hand is put up on show lines, low-down, remarkably thick in flesh, straight and level in their lines, they are a high-class lot. One, a red-roan, is a Marr Roan Lady, eighteen months old, his dam imported, and his sire, Uppermill Omega. Another, about the same age, is a red Cruickshank Buttery, a full brother to the \$3,600 Bridal Bouquet. He is also by the old bull.

A full brother to this one is white, nine months old. Another, eighteen-months-old, is a r. an Cruickshank Lively, by the old bull. Another, seven months old, is a red Cinderella by the old bull, and out of an imported dam. Parties wanting something choice can get it here.

SHORTHORNS, BERKSHIRES AND CLYDESDALES.

Woodholm Farm, the property of G. M. Forsyth, of Claremont, Ont., has for many years been the breeding ground for one of Ontario County's best herds of Scotch Shorthorns. Individual merit and proven lines of superior breeding, are a combination that, coupled with a generous supply of well-balanced rations, comfortable, sanitary housing and the necessary care, will invariably lead to success in pure-bred stock-breeding. These are the conditions in vogue on the Woodholm Farm, and the secret of Mr. Forsyth's success as a breeder. On blood lines his large herd of Shorthorns represent such noted tribes as the Cruickshank Duchesses of Glosters and Lavenders, B. Bellas and Augustas, Clementinas, Kilbourn Beautys, Matildas, and Miss Ramsdens, at the head of which is the big, level, well-balanced and good-breeding bull, Imp. Lord Gordon. Many choice things have been bred in this herd, including the champion fat heifer at Ottawa Winter Show three years ago. For the coming season's trade, Mr. Forsyth has coming on some right nicely-balanced young bulls whose solid breeding makes them particularly attractive for herd-headers. In Berkshires for immediate sale are some extra choice young sows of breeding age, some of them already bred. In Clydesdales, Mr. Forsyth is offering one of the best Canadian-bred stallions in the country. He is Gallant George, a brown, two years old on the 20th of September, which handicaps him a bit for the showing, otherwise his exceptional quality and finish would take him to the top anywhere. He is sired by the great Gallant Carrochan (imp.), dam by the Pan-American champion, Burn Bra (imp.), grandam by Here-You-Are (imp.).
