ng Says—
overalls and shirts are roomy
comfortable, and made espe-
cially for farmers. I designed
with the idea that you might
stretch your arms and
occasionally.

Ford Touring Car

NATURE'S loveliest beauty spots, her choicest hunting grounds are far removed from the railroads, away from the much-travelled highways. Only a car of light weight and unusual power can traverse bad roads and marshy lands in safety. The Ford surmounts all road difficulties and takes you where you want to go.

The Ford Touring car is equipped with every modern refinement—one-man top; sloping double ventilating windshield; demountable rims, tire carrier and leather door grips. The horn button is mounted on top of the steering column and the headlights are equipped with approved non-glare lens. Electric starting and lighting equipment is furnished if desired at a slight additional cost.
