**SASKATCHEWAN BUFFALO ROBES**

Received Highest Award at World's Fair.  
HAVE HAD SIX YEARS' EXPERIENCE IN CANADA.

We guarantee every robe to be absolute wind, water and moth proof, and will not wear bare in spots like a skin robe. They will dry quicker and never get hard, are as strong as leather and far more durable and warmer than any cheap fur robe. The robe is made in three parts—the Fur Cloth, the Astrachan Lining, and Rubber Interlining. All these parts are without seams. The increased sale of these Robes is the best evidence of their popularity. Others having noted the great sale and popularity of these Robes have undertaken to imitate them. We would caution the public that none are genuine unless bearing this Trade Mark. Manufactured by

growers of fruits, berries, and all kinds of vegetables, know that the largest yields and best quality are produced by the liberal use of fertilizers containing at least 10% of

**Actual Potash.**

Without the liberal use of Potash on sandy soils, it is impossible to grow fruits, berries and vegetables of a quality that will command the best prices.

Our pamphlets are not advertising circulars containing special fertilizers, but are practical works, containing latest researches on the subject of fertilization, and are really helpful to farmers. They are sent free for the asking.

GERMAN KALI WORKS,  
93 Nassau St., New York.

The words of praise spoken of the merits of The Locked Wire Fence from the people that examined our exhibit at the leading fairs, also the testimonials that we have received from farmers and others that have the fence erected on their lots and farms, are very flattering indeed. And now, as the leading fairs are over, we are prepared to fill all orders that may be given us satisfactorily for lawn, farm and railroad fence. Our superior wire gates, which combine strength, lightness and durability, should be on every farm. Prices to suit the times. Agents wanted in unoccupied territory. Correspondence solicited.

**It Suits the Farmers!**

WHEN the Page Fence man went to England last summer to attend the International Railway Congress, he carried a score of splendid testimonials from the leading lines of railway in Canada and the United States. We are not allowed to publish these, but nearly all of them mentioned, among other reasons why they use the Page, that "it suits the adjoining farmers." These testimonials were so convincing that several English railways have since ordered car lots of the Page. It will pay you to investigate the Page fully this winter. Ask us to send you our free circulars and illustrated paper.
