GOSSIP.

In a recent letter, Mr. W. S. Carpenter, Simcoe, Ont., says:-"I have purchased the entire flock of Shropshire sheep of the estate of the late H. H. Spencer, Brooklyn, Ont., and since they arrived in their new quarters they are doing exceedingly well. The Shropshire sheep in question are well-known to members of the FARMER'S ADVOCATE staff, and in their purchase Mr. Carpenter has certainly made a wise selection for a first-class foundation. No man worked more earnestly to advance the purchase air. Carpenter has certainly made a wise selection for a first-class foundation. No man worked more earnestly to advance the medium-wooled sheep industry than did the late Mr. Spencer, or went to greater pains and expense to obtain the best, frequently visiting the large English flocks of Fowler, Farmer, Tanner, Minton, Thomas Mansel, and others, making personal selections, and breeding with a definite purpose — the development of the highest type of the breed. The sheep purchased by Mr. Carpenter embody a combination of blood from the above flocks, upon which have been employed sires having the strongest of Shropshire characteristics. They are a splen-did, strong, healthy and uniform bunch, and as Mr. Carpenter has also purchased the imported ram, Flashlight, from Mr. W. G. Pettil, we may reasonably look forward to Norfolk County as the home of one of the best Shropshire flocks in the country, in the hands of Mr. W. S. Carpenter, at Simcoe. AN EXTENSIVE PURCHASE.
