

**APPI-TONE STOCK FOOD**

And what people say of it:

"I used Appi-Tone Stock Food with my stallion this spring. I never saw him look so well."  
—F. B.

"To try Appi-Tone Stock Food, I gave it to a calf which I was feeding on skim milk. It is the best calf I ever saw."  
—M. S.

Many others say the same thing of Appi-Tone Stock Food. It is purely vegetable.

**CARNEFAC STOCK FOOD**

MADE IN CANADA

By Canadians and for Canadians.

NOT A CENT. OF CUSTOM DUTY TO PAY ON IT.

CARNEFAC has no known equal as a food for calves and young pigs, a tonic for weak or sickly animals, and a never-failing preparation in the proper fitting-out of exhibition stock. It enables animals to get full benefit from the food they consume, thus guaranteeing increased flesh and a glossy coat.

The experience and testimony of successful exhibitors at leading fairs in recent years amply confirm this statement, while the observation of experts attests that condition and quality of flesh and hair and handling counts for much in the show-ring. Dry hair and harsh handling has condemned many an otherwise promising candidate for first-class honors.

**PATENT STEEL HOG AND WATER TROUGHS**

Hog-proof  
Rust-proof  
Frost-proof

I am placing on the market the Steel Hog Trough, made of 14-gauge sheet-steel boiler plate; a trough that it is impossible for the hogs to chew or destroy. Edges finished with 3/8 pipe, slotted and driven on and riveted. Cross-bars to prevent hogs from crowding or lying in trough.

Fill a Long-felt Want.

Here you have a water trough, or tank, made like the hog trough, only much larger. These troughs are made first-class in every particular, and fully warranted. They are something every farmer is going to have when he finds out what they are. They are practically indestructible.

**BLACKLEG.**

Blacklegole Tapes,

As prepared by The STANTON HOLME CO., are the latest, safest and best preventive for Blackleg. They are the only guaranteed prevention known or yet offered to stockmen. Now is the time to commence inoculating, it being most convenient when branding.

When all other remedies have failed to check the death rate once the disease has broken out in a herd, and the Blacklegole Tapes have been used, all traces of the malady have at once disappeared, and in thousands of cases no single loss has been sustained, thus proving its efficiency. Each Tape is specially prepared, there being no trouble in regulating the dose, the accurate quantity of the preparation being on each when sent from the factory. One inoculation will stand good for 6 or 8 months, providing that the seton remains in position. The needle for fixing the Tapes, and full instructions, will be supplied with each order. Price, 50 cents. This preventive was discovered several years ago, and the discoverers have such confidence in their infallible preparation that they guarantee for 6 months every head of stock which is inoculated by a member of the firm personally, having already done so to their advantage in thousands of cases, not losing a single head.

Blacklegole Tapes will be supplied at the following rates: \$2.00 for 10, \$4.50 for 25, \$8.50 for 50, and \$16.00 for 100. Carriage paid to any part of America.

Application should be made direct to the Stanton Holme Co., as it is advisable that Tapes should be newly prepared, and no old package will be placed on the market. All orders will be sent direct or through your druggist. Cheques and money orders must accompany all applications for Tapes, and be made payable to the Stanton Holme Co. All orders promptly attended to. Address
