The Modern Way to Destroy Sheep Ticks

IS BY THE USE OF

Instant Louse Killer.

It is not a dip, but a powder that can be applied in zero weather. No slop, no muss, no danger. There's no profit in letting ticks sap the life out of your sheep during winter, and there is no longer any call for it. With **INSTANT LOUSE KILLER** the weather cuts no figure. Examine your sheep at once, and you will probably find ticks, and lots of them. Don't wait on the weather, wait on the sheep with a package **INSTANT LOUSE KILLER** (guaranteed).
