"Mighty in the use of the Hymn Book " was a phrase held in that city. Resolutions were passed often used of our Methodist fathers. Let us imitate them more fully in wielding this sword of the Spirit!

The opening prayer was a fitting prelude to the exercises of the Holy Day. Brief Conference, composed of both ministers and yet comprehensive; confession, petition, adoration and thanksgiving, were all presented in turn. Then came the very appropriate lesson, another Hymn, and the preacher gave himself to his principal task.

As to the excellencies of the sermon. The introduction was an introduction. Opening the few labrynths of the text, it laid bare the path for this morning's meditation. We could have walked ourselves then to the end of it, blind, perhaps, to many beauties and glories which the preacher was prepared to indicate,-still we could see our way through. MONCTON LECTURES. -By some accidenv a paragraph that we had penned for last issue, pelative to the close of the Wesleyan Lecture Course, did not get into type. It may not yet be too late to note that the Course was satisfactorily closed with the Lecture of Rev. Mr. Gaetz, entitled " Help Yourself," and that in addition to the vote of thanks to the lecturer tendered by the audience, a vote of thanks to Rev. Mr. Deinstadt for the energy and thoughtfulness displayed by him in inaugurating and managing the Course was also passed. We ought to add that the community are deeply indebted to Mr Deinstadt in this matter.
