

Have you ever photographed your Store Interior or Window ?

You have observed from week to week pictures of some bright Canadian stores and windows in The Grocer. They have been useful to you.

Don't you think an illustration of yours would benefit others ?

Then send it along

The Grocer is continually on the lookout for good photographs of attractive, well arranged interior and window displays, displays that you or your clerks have constructed.

You benefit yourself as well as others by having them reproduced in The Grocer.

We want your co-operation. May we count on it ?

ADDRESS

THE EDITOR, The Canadian Grocer

143-149 University Ave.

TORONTO
