

Orinoco TUCKETT'S SMOKING Tobacco

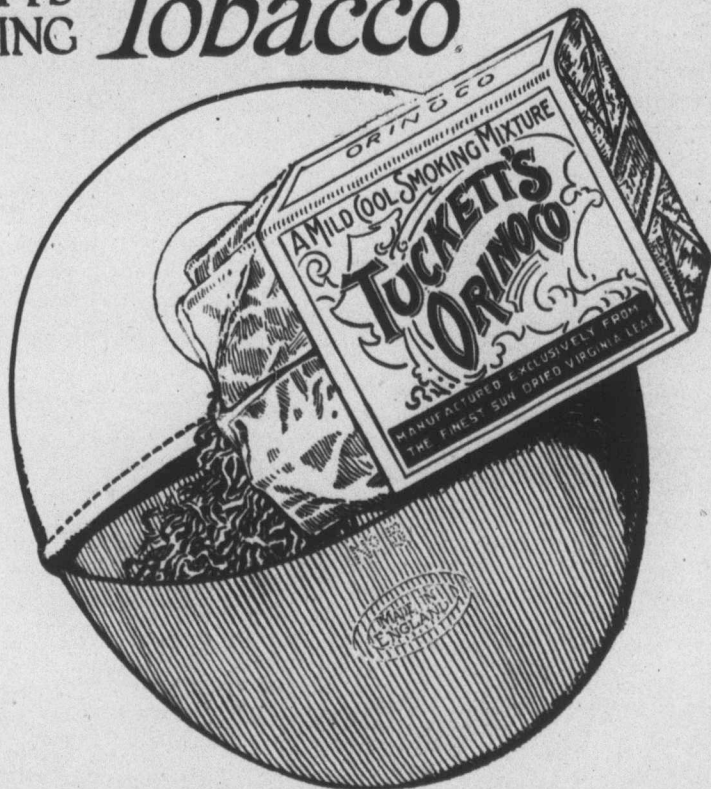

Fine "Old Virginia"

It is not the tasteless sort that has no strength because it is sawdusty. Nor yet is it the strong, nerve-racking weed that kills the average smoker. It is a delightful blend of real "Old Virginia" tobacco that has been properly grown, fully ripened, carefully cured and prepared. It has a rich, mellow flavor and a fragrance that betokens real tobacco goodness. **Try it yourself and stock it for the men who appreciate a good smoke.**
