

Demerara Market.

The following is from Sandbach, Parker & Co.'s Circular, Georgetown, Demerara, 23rd May:—

BREADSTUFFS.—Five cargoes from New York came in the early part of the fortnight, dealers holding at the time but small stocks. Most of the shipments were disposed of; and, at present, we consider the market in a healthy state for next arrivals. 3,500 barrels sold at \$10 50.

SUGAR.—The demand has been unusually brisk, and prices have advanced for best quality of Vacuum Pan nearly ten per cent. over last advices; the shipments are all for the United States, and the quantity offering is not sufficient to fill all the orders held in the street. As the rains have not yet set in many of the Estates are taking advantage of the favorable weather and continuing manufacture. The yield is not as good as two months ago, but the quality making is good.

MOLASSES.—Has not been enquired for as much as was expected, and only the best samples could find purchasers. Some of the vessels have had to take this article to fill up, owing to the advance on sugar.

RYE.—Very little offering, as our Market does not hold out inducements for speculation, almost the whole of the crop being shipped to England.

Transactions have taken place during the fortnight at the following rates:—

SUGARS (package included, sold by 100 lbs. Dutch, 10 per cent tare, F. O. B.)
