LUXBURG DISMISSED

President's Action Toward German Ambassador is Approved.

By Courier Leased Wire. Buenos Aires, Sept. 13.—The rioting, which began here late yesterday...

The cabinet late last night approved the action of President Irioyen in presenting passports to Count Luxburg.

The Argentine foreign minister announced that he had received the texts of the Luxburg telegrams, and in consequence has sent the following to Berlin:

"The Argentine Government has valued highly the exalted manner in which the government of Germany has solved in ample terms all the Argentine claims."

Sweden's Swagger. Stockholm, Sept. 13.—The Conservative newspaper, Dagbladet, prints a bitter editorial on the statements in the British and American press concerning the Luxburg affair.

The barracks fire from London and New York editors will fall entirely to lighten Sweden out of its neutrality.

The Svenska Dagbladet resents what it terms "interference in Swedish domestic problems," and says the allied press is utilizing the present difficulties as propaganda for the formation of a Swedish party.

"All attempts to differentiate between a criminal government and a deceived people in this case is doomed to disappear. All hints as to how we are to group our political parties will not affect us."

Korniloff's Bold Stroke For Supreme Power Has Failed; Kerensky Takes the Field And Rebel Leader's Supporters Lose Heart--Many Already Join Loyalists

By Courier Leased Wire.

Petrograd, Wednesday, Sep. 12.—According to an official statement issued General Korniloff's attempt seems to have collapsed and there is no longer any reason to fear a collision between the two forces.

KORNILOFF TALKS OF SURRENDER.

London, Sep. 13.—General Korniloff, former commander-in-chief of the Russian armies and leader of the rebellion against the provisional government has expressed a willingness to surrender on certain terms, says a despatch from Petrograd to the Exchange Telegraph Company.

RUSSIAN OFFENSIVE GAINING.

Berlin, Sep. 13.—German cavalry posts to the south of the Riga-Wenden road, on the northern Russian front, yesterday withdrew before strong Russian pressure, according to the official announcement issued to-day by the German headquarters staff.

Petrograd, Sep. 12.—(Delayed)—Numerous delegations from General Korniloff's army are arriving at the staff office of the Petrograd military district in a penitent mood, the Associated Press has been informed by Premier Kerensky's secretary.

General Patchinsky, second in command to General Savinkoff, commander of the Petrograd district, declares the revolt may now be considered to be a final and irretrievable failure.

Premier Kerensky's appointment as commander-in-chief of all the armies has been confirmed officially by the cabinet, General Alexieff has been confirmed as his chief of staff.

KERENSKY TO FACE KORNILOFF.

Stockholm, Sep. 13.—The Svenska Dagbladet announces that it has received a dispatch from Petrograd stating that Premier Kerensky has left the Russian capital at the head of an army in order to meet the troops of General Korniloff before they reach the capital.

MARCHING ON PEAROGRAD.

Petrograd, Sep. 13.—Gatchina, 30 miles to the southwest of Petrograd has been occupied by the forces of General Korniloff after it had been evacuated by Government troops it is announced to-day.

MOSLEMS QUIT FIGHT.

Petrograd, Sep. 13.—A division of General Korniloff's force composed of Moslem troops has reached Tsarskoe Selo, 15 miles south of Petrograd. Kugusheff, a loyal Mohammedan officer, was sent to treat with them and they agreed to abandon resistance to the provisional government on condition that they be sent home to the Caucasus where they must not be employed against the Turks their co-religionists.

Premier Kerensky agreed to the proposal. According to official statement the so-called "savage" division, composed of Georgians and Caucasians, is the only unit of troops sent against Petrograd which remains solid for General Korniloff.

It appears to be undoubted that the "savage" division, though devoted to General Korniloff, had no idea of their destination or his aim. The division consists of eight regiments of fierce Caucasus cavalry recruited almost exclusively from the various tribes and contains a few Tartars.

The submission of the "savage" division was brought about through the devotion of a group of their co-religionists to the government. The tribesmen do not speak Russian, suspect and dread Christians, and when approached by the government's Russian emissaries refused to listen to them and threaten them with arrest.

A Mohammedan Tartar artillery officer, General Kugusheff with other Moslem officers, who are devoted to the government went on a mission to them and were well received. They have returned and are now at the Petrograd staff office.

"The Caucasians declared they absolutely refuse to surrender and come to Petrograd for fear the Bolsheviks would massacre them. But they were willing to abandon resistance on condition that they were sent home to the Caucasus front where, however, they must not be employed against their co-religionists—the Turks.

"After prolonged negotiations we agreed to recommend this solution to Premier Kerensky and we returned to Petrograd. The premier has now promised us that the "savage" division will be unpunished and will be sent home to the Caucasus, there to replete its ranks and will be absolved from service against the Turks. I consider their submission assured."

Pugsley and McLean on Question of Votes for Women.

Ottawa, Sept. 12.—The House proceedings on War Time Elections Act. Clause one was adopted on division. An amendment to clause two moved by L. A. Lapointe, that the polls in the cities remain open until eight o'clock was voted down on a standing vote, which was not announced.

On the motion to report the bill from committee, Mr. Pugsley claimed the right to speak and that the bill was again open to debate and amendment.

At an early hour this morning Mr. Pugsley and A. K. McLean resumed their objections to votes being given to the female relatives of members of the Canadian patrol service.

Col. Currie said that the work was of a dangerous character and should be recognized. He criticized Mr. Pugsley for asking so many questions during the session and described D. D. MacKenzie as "a mud gun."

Mr. MacKenzie added that for several months Col. Currie had been too ashamed of his record to show himself, but of late he had been getting some Dutch courage.

"If the honourable gentleman thinks he is going to get away with flinging mud at me," said Mr. MacKenzie, "he is mistaken. He ought to take to his jugout."

Mr. Murphy of Parth rose to repel what he characterized as Mr. MacKenzie's "unwarranted attack" on Col. Currie. The attack, he asserted, was totally without foundation and was a base one.

Calgary, Sept. 12.—Characterizing the recent limitation of the federal franchise to women relatives of soldiers as unfair and unjust, The Great War Next of Kin Association at its meeting to-night passed the resolution to be forwarded to Sir Robert Borden. "That whereas the members realize that by action the government are being defrauded of their just rights. The next of kin association asks the same interpretation in these matters as given in the original code, and that the federal franchise be extended to all females, British subjects over the age of 21 years, i.e. that the same privileges be extended to females as to males in Canada."

Vancouver, Sept. 12.—A resolution favoring Dominion wide prohibition and urging that in the federal election only those candidates be supported who pledge themselves to support a nation-wide measure, prohibiting the traffic intoxicating liquors was passed at a meeting of the executive committee of the Peoples Prohibition movement of British Columbia.

"In Belgium there has been violent artillery fighting in the region of Bixchoote. On the Aisne front French artillery, dominating German batteries, which were particularly active in the country south of Juvin-court, made it impossible for the infantry to deliver any attack in the Champagne district we repulsed several enemy attacks in the sector of Massiges to the east of Butte de Mesnil and to the northwest of St. Hilaire."

"On the right bank of the River Meuse, in the country around Carpiennes there has been artillery activity, but no action on the part of the infantry. "In Alsace a surprise attack on German trenches to the west of Bonhomme village, resulted in our bringing in some prisoners. "German airplanes again last night bombarded the country around Dunkirk.
