

**TO AVOID
ACHE AND
ROUSNESS**

**Mrs. Lynch From
Experience.**
R. L.—"I was all run
nervous, had head-
aches, my back
ached all the time.
I was tired and had
no ambition for any-
thing. I had taken
a number of medi-
cines which did me
no good. One day
I read about Lydia
E. Pinkham's Vege-
table Compound and
what it had done for
women, so I tried
it. My nervousness
and backache and
headaches disap-
peared. I gained in
weight, so I can honestly
say Lydia E. Pinkham's Vege-
table Compound is
the best medicine
I ever used. It is
worth a try. Write
for a free trial bottle
and full particulars
to Mrs. R. L. Lynch,
1234 Main St.,
Providence, R. I.

**NOTES ON THE N. S. A. C.
CLOSING.**

By a Kings Co. Student.

The formal closing of the
Nova Scotia Agricultural Col-
lege took place on April 11th
and the exercises were unusu-
ally good. Among the prominent
visitors present were Mr. Torry,
M. L. A. for Guysborough also
Dr. Robertson of the Dominion
Department of Agriculture who
was formerly Principal of Mac-
donald College.

Professor Cumming gave a
few brief introductory remarks
and spoke of the excellent work
done by the students during the
past year. The diplomas and
prizes were then awarded to the
graduating class which number-
ed twenty-five and included
two ladies. Mr. Stanley Wood
of Carters Point, N. B. won
the Governor-General medal for
the highest marks in the Senior
year. Mr. Wood is the third
brother to gain that distinction.
Mr. Walter Ogilvie of Edder-
bank, Halifax Co. received the
prize for seed judging. The
name of the winner each year
is engraved upon a cup donated
by the Prince Edward Island
short course students. The
cup itself is kept in the Prin-
ciple's office.

Mr. Torry then gave a lengthy
and able address on the sub-
ject of greater production dur-
ing the coming season. He
handled his subject well and
brought his points home forcibly,
leaving little doubt
in the minds of his
audience but that Nova Scot-
ia would do her utmost to as-
sist in increasing the nations
food supply. In the course
of his remarks, Mr. Torry paid
an appreciative tribute to the
good work being done by Prin-
ciple Cumming and the other
members of the faculty, not only
in the College but also through-
out the province.

Dr. Robertson gave an es-
pecially broad and interesting
address. He touched upon
various phases of our national
life and his discussion of educa-
tion was something which set
every person to thinking. His
definition is a series of experi-
ences. The entire theme of
his discourse was directed to the
young men who were starting
out upon life for the first time
independently.

Dr. Sloan of the Normal Col-
lege followed with a few well
chosen words in which he men-
tioned the pleasant relations
existing between the
Normal College and the Normal
College.

The exercises were brought
to a close with a few further
remarks from Principal Cum-
ming.

Kings County has been well
represented at the Agricultural
college this year. Out of a
total attendance of sixty three,
eleven were from this county.

Following is a list of their
names:

SENIORS.

Miss S. I. Chase, Church St.
M. A. Forsythe, Greenwich.
E. L. Eaton, Upper Canard.
W. R. Kinsman, Canaan.

JUNIORS.

D. Sutton, Church St.
R. Bishop, Greenwich.
P. D. Bishop, Greenwich.
F. Johnson, Greenwich.
S. Eaton, Lower Canard.
H. Burbridge, Lower Canard.
A. Palmer, Aylesford.

Miss Chase and Mr. Eaton
were both among those graduat-
ing with honors.
A large proportion of the ex-
students and graduates have
proceeded overseas, and a long
list is recorder in the College
office.

There have been two return-
ed soldiers taking the course
this year and increasingly lar-
ger numbers are expected as ar-
rangements are made for them.
A list of nine names "In
Memorian" was read by the
Principal at the closing ex-
ercises.
The buildings and equipment
at the Nova Scotia Agricultural
College are all modern and re-
flect a great deal of credit up-
on those who conceived and ex-
ecuted the entire plan. The
new Science Building is one of
the best in the best of its kind
in Eastern Canada. The
other buildings are up-to-date
in every way.

The course is planned along
general educational lines and
the curriculum compares very
favorably with those of our
other Maritime College. An
efficient staff and free education
within the reach of all.

The subjects taught are:—
Agriculture, including Field
and Animal Husbandry, Horti-
culture; Dairying; Poultry;
Veterinary Science; Botany;
Chemistry; Physics; Bacterio-
logy; English; Mathematics;
Book-keeping; Economics; Me-
chanical Drawing, etc.

Students completing the two
years course can enter the third
year at any of the Canadian
Agricultural Colleges.

Any further information may
be had from Principal Cumming,
Truro, N. S.

In connection with the Col-
lege is a large gymnasium for
the use of the students. In
the past the Agricultural Col-
lege has put up a strong hockey
and basketball team. During
the past season several sharp
games have been played with
Harborville, but just ther same

the town boys.
The College is run on demo-
cratic principals, there being a
Students Council to superintend
the various College activities
and look after the interests of
the students.

On the whole we would
strongly advise any young man
or young woman who desires
a college education to seriously
consider the Nova Scotia Agri-
cultural College before else-
where. Students from here
have taken a very high stand-
ing in other institutions to
which they have gone after
graduating.

HARBORVILLE

It has ben sum spell since I
writ anything fur yur paper,
Howard, but I hev hed so much
ter do that it seemed as if ther
wusnt er single minut what I
cud sit down and write.

Fur we hev hed sum grate
times here to Harborville, fur
the past few weeks. First we
hed a revival preacher cum here
frum down round Windsor way,
and he sure did stir up the peple
round here in grate shape, they
wus so filled up with sum kind
uv religin that ther hed no time
uv anything except go to
church. I went up one night,
and I thot sure to goodness that
we hed got it in good shape
this time, and the real thing
t'het, becus all hands was
gettin up on the side uv the
ord, and testeryfn in the good
ld way, but the next mornin
Oh that next mornin—I woke
up—and found ther sumthin
ong. I had herd that the old
eller up on the hill, was gettin
punished fur al his sins, and
the way he hev writ about us
Harbor villians, and wus bed
fast with newmonery, so I went
up ther to see him. Of ours
they wuldnt let me see him,
but I cud hear him brethen like
an old wisened saw mill.

I found that his old women
hed to saw her own wood, do
all the chores, includin, taken
care uv their old horse and the
fellers cum up to help yu eny,
and she surs no, excepten old
Steve Marshall, what air so
feeble, bein only about 84 years
old, and Noble Margeson, what
aint much younger, and Boyd
Parker, who already heb about
three men's wurk to do seenin
he is the storekeeper, and has
horses pigs and hens to look
after besides gettin up early
nuff every mornin to see that
ther male gets away. Fred
Ayres and John Harry Jackson,
ellers was among ther ones
what stood up in church and sed
they wus on the Lord's side,
and I wus wondern what the
Lord thot of his followers round
Harborville anyway. Well, I
dun what littel I cud to help
the old women out, but it wusnt
much.

I believe in religin, when it
stricks in right, and es the
precher is cumin back agin Sun-
day, maybe it will get a clinch
on em. Im hopen so anyway,
and will kno if it dos, becus ther
will be sum change round here
then.
I see that one uv our kids,
rum Canady creek, Charlie
Balsor hes got back frum the
war, sum shot up, and stiff in
one uv his legs, and one uv
his eyes gone, but otherwise
still in fair shape. It seems
that he started in over there,
with a few uther fellers what
dnt kno much and a machine
gun, to clean up the Dren Ger-
mens, when they the germens,
sent a shell down inter the hole
where Balsor and the rest uv
em wus, and killed all uv em
kerslap, excepten Balsor, he
cum to about two weeks after
and found himself in er Hos-
pital. Well, they sent fur
him the other day to cum to
Halifax, and there wus the
Lieut. Governor, and all the
high mighty military fellers, in-
cludin Colonel Thompson, who
presented Balsor with the Rus-
sian Cross of Was a thing what
King George only gives to sol-
diers what hes distinguished
themselves with deeds uv brava-
ry on the battle field. Uv
course Canady creek belongs to
Harborville, but just ther same

it gives us another hard old
slap, fur we hev nary a hero
hed what hes got them things,
even if we hev one what is shot
all ter peces fighten fur his
cuntry.

I see that ther was a bill in-
terduced in our own parliament
down ter Halifax, that wus aim-
ed at one uv our leadin indus-
tries, thet is ter say, they want-
ed ter pass a law that wuld stop
peple frum drawn ther own
deeds, morgeges and uther do-
cuments, and make em hev em
drawed by a lawyer. I expect
Tom Morse, and sum uv the
other Recorders, wus at her bot-
tom uv that, and I dont kno
es I blame em a whul lot, becus
I hev saw sum deeds writ, what
wuld take all the Writen experts
on erth to figur out, and so how
in blazes culd the recorder or
his clerks be expected ter be
able ter to do it, and get them
put on the records uv the coun-
try. Well, ther wont be sich
a law just yet, and Im dern sorry
fur Tom and the rest uv em.
The dern fool legislater guy it
The Three months Holst, what-
ever thet isbut it wurked. Why
didnt they do that with prober-
bitin?

I feel kinder sorry fur Sir
Robert, these days, fur he sur
is heven his own share uv tru-
bles. Now cum along this
man O'Conner, what hes been
Commissener to keep up the
prices uv grub and so forth,
what hes got sore becus ther
ther wus sum little disturbance
between him and a nice lady
clerk, and es the lady went over
his hed to the Minister, he got
mad and sed he wuldnt play
any longer, and so poor Sir
Robert hes got to be bothered
with findin another feller to
take his place, becus it wuld
never do these kind uv times to
take chances on Prices fallin
down.

Then thers that pesky food
bord, what hes gone and rased
its wages another Twenty-five
thousand dollars a year, and I
see that rite away up jumped
the price a few notches more,
just ther same every paper what
we pick up has a hoyl frum Ot-
tawa, fur us to rase more pigs
and poultry and a few other
critters, but nary a dern word
es to what in blazes we air to
feed em.

A few days ago, ther wus an
order cum our frum this Feed
borde, that the miller HED TO
SELL FEED even if the feller
what wanted it didnt want to
buy flour, but a leaden merchant
uv Berwick telled me on Thurs-
day last, that he hed by BUY
125 barrels uv flour to get sum
feed, and he didnt want the
flour, but hed to buy it to get
a little feed, and then along cum
a feller what hed the price, and
heb ought the whul dern bunch
of feed and hed it haled home.
Well, he hev feed enuf fur a
while, but he didnt care a con-
tinental wehter other peple culd
get eny or not. It looks to me

**FRIENDS THOUGHT
HE WOULD DIE**

"FRUIT-A-TIVES" Conquered
Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C. B.

"I was a terrible sufferer from
Dyspepsia and Constipation for years.
I had pain after eating, belching gas,
constant headaches, and did not sleep
well at night. I lost so much weight
—going from 185 pounds to 146
pounds—that I became alarmed and
saw several doctors who, however,
did me no good. Finally, a friend
told me to try 'Fruit-a-tives'.

In a week, there was improvement.
The constipation was corrected; and
soon I was free of pain, headaches
and that miserable feeling that
accompanies Dyspepsia. I continued
to take this splendid fruit medicine
and now I am well, strong and
vigorous". ROBERT NEWTON.

50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or sent postpaid on
receipt of price by Fruit-a-tives
Limited, Ottawa.

es if we hed nerly es meny
germens rite here in Nova Scotia,
es old Bill h' eover to France
Fiten the allies, ther only dif-
ference es fur es I kin see is
ther our germans are fighten
under cover, while old Bill drives
his rite out in the open in
bright daylight. Yes, poor Sir
Robert, is heven tryin times
and I guess he is wishen sum
often that he wus back at Grand
Pre, in the good old days what
used to be and befur he got
mixed up with polertics.
