WANTED, COMPETENT GORDON press feeders; wages \$7 to \$10, ac-ording to qualifications. Robt. Duncan lo., Hamilton. Guarding the Public Eyesight. There is a controversy in England between the doctors and the opticinas, who have been increasing their scientific equipment and prescribing at a much lower price than the oculists, while general practitioners as a rule know little about optics and the prescription of glasses. It is a curlous thing that there has been no organized crusade by the pro-fession against allowing the public to select its own spectacles from the exposed stock, as has been the practice ever since glasses came into use in the seventeenth century, though this is obviously more injurious. But new that the opticians have undertaken to prescribe the doctors want that forbidden by act of parliament, leaving the public free as before to choose their own spectacles. The opticians have prepared a counter bill pro-viding for opticians' diplomas to be awarded by a central council of the whole trade.

## ISSUE NO. 6, 1906

Fact Might Be Used to Make Identification Always Easy.

The symmetry of the human body though much dwelt on by writers and poets, is something which, according to-a doctor, does not exist. This doctor, in discussing some phases of the New England "suit case murder" the other evening, said the entire lack of real exampted to the various comosite marts evening, said the entire lack of real symmetry in the various opposite parts of the body is quite sufficient for purpos-es of identification, provided the differ-ences have been observed. It is this fact, indeed, on which the Bertillon system is partly based. The right eye, for in-stance, is almost always higher than the left but the difference is constant to be stance, is almost always inglet due to the second s is shorter than the other. These varia-tions held good for every part of the body, and the doctor's suggestion is that a record of them for each and every citi-zen, whether criminal or not, would al-

ways make identification easy.

Once upon a same a man married a woman who had inherited \$500 from a grandfather. This was all she ever re-ceived, but the man never got sud! for the rest of his life. He built a new store. "Did it with his wife's money," the neighbors said. The home was made over and enlarged. "His wife's money did it," was the only comment. The little measly \$500 she had inherited was given the credit for everything he did during life, and when he died and his widow put up a monument with his life insurance, "Her money paid for that," was said again. But this is what her money really went for: During her engagement she bought herself a \$350 piano and a \$150 diamond ring and in a few weeks lost the ring, and there was always some regret that she didn't also lose the piano. The Fire Fiend at Work. The fire bell clanged about 11 o'clock on Wednesday forencon, and there was unusual commotion and excitement. The high wind made it a mighty dangerous time for a fire to break out and everybody was scared. For to break out and everybody was scared was the form made it a mighty dalightus time for a first some reason there wasn't a dray on the public square, and the result was the fire-boys had to pull the cart themselves. By the time they got around to the west side of the square their tongues were hanging out of their mouths, and Deputy Sheriff Wal-ters, who was on horseback, grabbed the rope and pulled the cart after him One of Tom Carleton's cab teams grew 'rightened at the pandemonium and dashed off down the street from the Pickwick at a furious gallop. Bert Castle overtook him on his racer and brought them back. Let's see where we are at, nayway. Oh, yes, the fire, why it was a panful of grease got affre down at Tom Snorgrass', Burnt all of the grease up, but Tom says he's willing to give this much toward making the old town lively.

#### But He Couldn't Warrant It. (Houston Post.)

"I wish you'd tie my cravat for me," said the young man to the dominie. "I can't tie a bowknot," replied he "but I can tie a first-class beauknot i you'll bring your sweetheart around to the parsonage some evening

Was She "Saving Her Face"? Was She (cautiously)-Would you say "Yes" if I asked you to marry me? She (also cautiously)-Would you ask me to marry me if you thought I'd say Yes?"
