### DIDN'T SHOW UP

William Boyd appeared before Judge Houston at the police station yesterday morning to answer to the charge of appropriating \$2,000 belonging to Russell B. Herriman. Herriman didn't put in an appearance and Crown Attorney Smith asked for a remand. The Crown Attorney said that Herriman apparently changed his mind since laying the charge and didn't want to come. He will be subpoenaed and if that doesn't bring Herriman, an officer will be sent for him. The Crown Attorney is bound that Herriman shall come.

The case was adjourned till next Monday, Boyd furnishing \$2,000 bail. Herriman is in Owen Sound.

### A WARM FAREWELL.

OVATION TO MR. CHAMBERLAIN AT BIRMINGHAM.

THE OBJECT OF HIS TRIP TO SOUTH AFRICA.

A MISSION OF PEACE AND CONCILIATION.

London, Nov. 18.—Colonial Secretary Chamberlain received a great ovation at Birmingham, where a farewell banquet on the occasion of his departure for South Africa was held in his honor.

Members of all parties joined in the demonstration. Referring to his trip, Mr. Chamberlain said it was to be a matter of business, and not a mere parade. He could not expect that all the bitterness in South Africa would die out, but he could say this for the Government, that they would relieve all suffering. He was bound on a new venture, and there was a possibility of failure. The Government's desire was to make South Africa one united nation, united in heart as well as in name. Greater differences, he said, had been healed, and he mentioned Canada as an instance. High Commissioner Lord Milner still retained the confidence of the Government. Mr. Chamberlain said he hoped to see the representative of every political section in South Africa. He could then learn more in three days than in a month's study of despatches in the blue-books. He believed that he would be met half way and that he would learn the friendship of the King's new Boer subjects. He took a very optimistic view regarding the future of South Africa. On the conclusion of Mr. Chamberlain's speech a torchlight procession and a fireworks display were held. The streets were packed with thousands of people, who at one point broke through the barrier erected to keep the crowd back. This incident created some excitement and resulted in slight injuries to a few persons.

There was no mystery about Mr. Chamberlain's reception at the Town Hall, Birmingham. It was a straight forward British tribute of respect and affection from friends and neighbors and was free from partisanship, the local leaders of both parties uniting in it. The Secretary of the Colonial and Mrs. Chamberlain were received by the Lord Mayor and the Lady Mayors, after the great company of guests were seated at the banquet hall, precisely as the King and Queen were conducted in state to their seats at the London Guilding. At there were guards of honor and military and civil parades all the way from High-bury.

The champion of the middle class of Britain was singled out for honors at most royal, and yet the undertone of the proceedings was homely and democratic. No British statesman ever had a heartier send-off from friends at home. All roads in Birmingham led last evening to the Town Hall. The interior presented a brilliant scene, every seat on the floor was occupied, and the galleries were packed some time before the Colonial Secretary arrived. The appearance of Mr. and Mrs. Chamberlain was the signal for a great outburst of cheering, which lasted for some minutes.

The Colonial Secretary was evidently touched by the extraordinary enthusiasm of the gathering, and it was in a voice full of emotion that he responded to the toast to his health. He paid a tender and affectionate tribute to his wife, whose name had been mentioned in the toast. She had, he said, sustained him by her courage, cheered him by her sympathy, and he had found in her his best and truest counselor.

### A GOOD START

The first work was turned out by the Chaplin Wheel Works on Friday and Saturday. The tender and saw and planer were set in motion, and a little work was done. A slight accident, however, occurred to the engine and work was stopped. As soon, however, as the engine is repaired, the work will go on.

Several new men have arrived at the factory and it is beginning to present quite a busy appearance. A number of the drying rooms are in operation and the wood is being dried.

Be slower in choosing than in changing a friend.

## MORE NEW INDUSTRIES FOR THE MAPLE CITY

Ex-Ald. McKeough and Ald. McCoig put City in Communication With Them—Ald. Waddell Finally Passes His Circus By Law—Busy Meeting of City Council.

A new roof will be put on the market buildings.

Nearly every motion was well discussed, but always passed.

The city still has 48 cords of that chestnut rail wool on its hands.

The tenders of Richard Stevens for the wads street sewer at \$188 was accepted.

The city buys two cords of wood for \$2 from W. M. Drader, for the fire Department.

The Lake Erie railroad will be asked to put Head street in repair along where their track runs.

The tenders for the William street pavement over the creek, was referred to the Board of Works.

The sprinkling season is over and the check of Contractor John Bowers for \$100 was ordered returned.

The board of health by-law in regard to keeping cows, pigs and poultry was referred to the finance committee.

An effort will be made to get the \$15,000 which the City Council ordered the Lake Erie to pay in lieu of car shops.

Ald. Waddell succeeded in getting his circus by-law passed, and is congratulated by Mayor Sulman and Ald. Cowan.

W. E. McKeough puts the Industrial committee in the way of securing a large manufacturing concern for this city.

An effort will be made to collect the amount paid out by the city for groceries for those who had smallpox in their families.

Ald. McCoig is going to get an implement factory for this city. All they ask is a free site and a cash bonus. Amount not stated.

S. B. Arnold notified the city that he would collect damages for the injuries to his bicycle sustained by reason of the ruts at the corner of Selkirk street and Victoria avenue.

C. R. Atkinson drew attention to the fact that no provision had been made for getting rid of the water from the buildings in the laying of the granite walk on the e. s. of Fifth street, and the city would be liable for all damages to pedestrians.

Ald. Cowan says he is opposed to the fixing of the assessment on the factory of John Piggott and Sons, because it is illegal. He then advocates fixing the assessment of a new factory at \$5,000. The chairman of the industrial committee refused to reduce the assessment of John Piggott & Sons' factory from \$10,000 to \$5,000 and then advocated fixing the assessment of the plant of the new industrial committee at \$5,000, acknowledging that the factory would be worth \$15,000.

All the members of the City council attended at the regular meeting last night except Ald. Fleming, who is out of the city.

The account of Daniel Jordan, for \$33 for brickbats, was ordered paid. Ald. Cowan asked what the Board of works were paying for bricks.

Ald. Mounteer replied 75c a load delivered.

Ald. Cowan wanted to know if that wasn't a big price.

Mayor Sulman replied that it was low enough.

The account of J. D. McNab for \$13.75 was referred to Finance.

The account of the Chatham Electrical Co., \$313.95, was referred to the Property committee.

Ald. McCoig suggested that this account be looked into. The city was having large accounts from this company, while they had a man to tend to this part of the electric lighting.

The account of Park Bros. for the fire whistle, amounting to \$18.55 was referred with power.

Ald. McCoig thought that the whistle had been paid for.

Ald. Taylor replied that the whistle

had been in the city two months but had not yet been paid for.

W. M. Drader's account for two cords of wood for the fire hall, was referred to the Property committee with power.

Geo. A. Taylor asked remuneration for tending to the lights at the corner of Duke and King streets for two years—referred to the Property committee.

NEW INDUSTRIES.

The industry that is seeking to locate here wrote asking the city to put their offer in a more definite shape. Received.

Ald. Waddell read a communication from the manufacturers of steam air registers and furnaces, asking what inducement the city would give them to locate here. It is an industry of considerable magnitude, and they would employ nothing but skilled mechanics.

The Board of Health wrote enclosing a petition, passed by them, ordering that the market building either be put in a sanitary condition or else a new building be erected. The Board of health also sent a copy of a by-law which they asked the city to pass. The document provided that poultry should not be kept within 50 ft. of a dwelling house, street or alley, that a cow should not be kept within 100 ft. of a house, street or alley, and that live hogs should not be weighed on the market scales. The by-law was referred to the Board of Works.

He also asked if Park street could not be put in fit condition for rigs. The business men of that street were losing trade.

Ald. Cowan called the attention of the Board of works to the condition of the sidewalk on the west side of Foster street.

Ald. Cowan said that there were complaints about the bad state of St. Clair street pavement.

Ald. Mounteer—It was scraped today.

Ald. Waddell asked the Finance committee how the collections were coming in from those who had got aid during the small-pox outbreak. The Mayor promised that an effort would be made to collect the accounts.

FINANCE.

Ald. McCoig, chairman of the Finance committee, reported recommending that the account of Lewis & Richards, \$37.37, be paid.

That the check of Park Bros. for \$195 for use of fire engine be accepted. The report was adopted.

Ald. Cowan, chairman of the Industrial committee, reported that in reference to the request of John Piggott & Sons that their assessment be reduced from \$10,000 to a fixed assessment of \$5,000 and free water, that the industrial committee had considered the request. They recommended that in view of the fact that the firm intended to enlarge their premises, that the assessment be not increased when the assessment is made. That the request for free water be not granted. The report was adopted.

AFTER PIGGOTT AND GRAY.

Ald. Cowan said that while he made the report as chairman of the Finance committee he was not in favor of it. The assessment of John Piggott & Sons was \$10,000 and Ald. Cowan would oppose any reduction. If any reduction were made it would be done illegally. Recent legislation had been enacted in regard to such matters as these, and if a reduction were made the council would be personally responsible. Ald. Cowan added that the Gray & Sons' factory was worth \$150,000. Their assessment had been \$30,000, but was reduced to \$100,000. This was illegal and the council had no right to grant it.

Andrew Thomson read the report of Mayor Sulman, chairman of the city wood yard committee, stating that the wood yard had been relieved and the need of the city wood yard was no longer felt. The city had at hand at present 48 cords of 16

### GOING TO DETROIT

The many friends of William D. Tristram will learn with regret that he is soon to leave Chatham and go to Detroit, where he will in future reside. Mr. Tristram is well known in this city where he has lived for several years. He was also a member of the Owl Club, whose preserve lies at the mouth of the river, Dover Township. Mr. Tristram was born in the Old Country but resided in Detroit for a number of years before coming to Chatham. He has purchased the business of his old partner, M. J. Bernard, 1162 Jefferson avenue, and with Mrs. Tristram will shortly move to the City of the Straits.

### SAME LIST AS LAST MAY.

WHO MAY VOTE ON REFERENDUM ON DECEMBER 4.

Act Provides For Use of the Lists Used in Provincial Elections—The Question to be Answered.

Toronto, Nov. 18.—As there is doubt in some quarters as to who will be entitled to vote on the referendum on the liquor bill on December 4, it may be stated that the same voters' lists will be used that were used in the Provincial general election in May last. The clause in the act covering this point is as follows:—

"The persons entitled to vote upon the said question shall be all persons whose names shall appear on the voters lists used or which would have been used had a poll been held at the next general election of members to serve in the Legislative Assembly, held after the passing of this act, as entitled to vote and who were entitled to vote at the said election, and who shall have been from the date of the said general election and until the date of voting on the said question residents of and domiciled in the Province of Ontario, and whose names are duly entered in the poll books to be used for the purpose of the voting under this act."

The question which will appear on the ballot paper will be simply this:— "Are you in favor of bringing into force the liquor act, 1902?"

### LANDLORDS AND TENANTS.

GOOD PROSPECTS FOR A CONFERENCE IN IRELAND.

Overwhelming Majority of Landlords Seem to Favor Such a Convention—Arrangements Being Made.

London, Nov. 18.—A poll of the Irish landlords, which was undertaken by a committee of gentlemen interested in the Irish question, on the proposal to call a conference of landlords and tenants, with a view to the sale of the land to the latter, has resulted in a vote of 1,128 to 578 in favor of holding the conference, for which arrangements will be immediately proceeded with. A circular announcing the result of the poll has been sent to 4,000 Irish land-owners, who possess 500 acres and upwards.

### MANY GIRLS ESCAPE.

Six Industrial Refuge Inmates Get Away—Some Picked Locks.

Toronto, Nov. 18.—Since November 5 no less than six girls have escaped from the Industrial refuge in connection with the Mercer Reformatory. On that date Maud Long, who was serving an indefinite term for vagrancy, climbed a twelve-foot fence and escaped. She had only been in the refuge a few days. On Wednesday last three more girls made a secret good-bye to the institution, after breaking a window at the back on the ground floor. They were Gertrude Long, Lillie Gray and Nellie Woodcock. This occurred at 10 o'clock. Some attendants heard the breaking glass and heard someone saying "Hurry up, girls," but did not suspect an attempt at escape.

On Monday night Eric Liscomb and Mary Madigan, both serving indefinite terms for vagrancy, left the institution after tea. They were in the basement and are supposed to have picked the locks. The police have been asked to assist in recapturing the girls.
