Saved Through a Casual Glance at a Newspaper—Weak, Pale and in a Deplorable Condition When Rehef Came—Another Remarkable Triumph for a Great Canadian Hemedy.

Dubuque Times.

Among the peculiar conditions with which the people of the present age are endowed, is a remarkable capacity for doubting. A full belief only comes after a careful investigation, and after positive proofs have been presented. Current report said there had been a remarkable cure in the case of a lady of Savanna, III., but as current report is cable loss of strength and the natural tables are talways accurate, and as the story told vivaciousness of her nature had disan-Savanna, II., but as current report is close of settlement and disaptive settlement of the settlement of the public. Mr A. R. In answer to the bell a lady appeared at the door, and to an inquiry for Mr Keynon gaid, he was employed by the railroad company, worked at nights and was asleep. Dock Blood Purifier.

ERTON. N. S.

About three years ago I was sick with consumption, which was brought on by a heavy c ld I employed a doctor who advised me to use emulsions. I did so but they did me no good. I was growing weaker fast—my cough was very bad—with night sweats; in fact my parents had given me up as I belong to a consumptive family. Two of my sisters and one brother have already died of that dread disease. As my appetite was very poor, a friend advised me to use Dr Norton's Dock Blood Purifier. I got six bottles, the use of which soon gave me a craving for food. Soon my cough was better and I began to gain in strength. I used twelve bottles of the medicine and by that time had gained forty-four pounds in flesh with good health. Have had no symptoms of any lung trouble since and believe that Dr Norton's Dock Blood Purifier saved my life.
