LANSDOWNE.

The Governor Geraral's Visit to Fredericton.

The Civic Address-What the Party Saw at Marysville.

His Excellency the Marquis of Lansdowne, the Marchioness of Lansdowne and suite left St. John shortly after two o'clock Wednesday on a special train for Fredericton. The train on a special train for Frederictin. The tain consisted of the Directors' car from the Maine Central Railway, an ordinary first-class car and a locomotive, the tree bedecked with flags and evergreens. The train was in charge of Conductor McLellan, with William Smith as driver. Mr. Greathead of the New Emparaick Railway was on heard. The run Brunswick Railway was on board. The run to Fredericton Junction was made in an bour and ten minutes. Here the Vice-Regal Party were met by the Members of the Local Gov-

Infantry School Band, had marched out to the station and taken their position on the street directlyopposite the end of the Station. About five o'clock a number of the University students, in academical costume, marched up and took a position on the left and opposite the Guard of Honor. Owing to the uncertainty, which prevailed, as to the time the train might be looked for, the attendance of the public was not large. At 4.15 p. m. the train announced its arrival by a prolonged whistle. The crowd gathered round vice regal car to get a glimpse of the Marquis and Marchloness. As their Excellencies stepped from the car the? presented much the same appearance as any ordinary lady and gentleman would.

They were Plainly Dressed

with smilax; gold ornaments. With lace; ornaments diamonds. Mrs Druy, cream satin skirt with floral satin hodice; gold ornaments. Mrs D McLellan, black sich brocade dress, steel trimming; ornaments diamonds. Mrs Dpafford Barker, black velvet, Spanish lace trimmings and gold ornaments. Mrs Chas. Richards, Black brocade dress, gold ornaments. Mrs Wiggins, black silk dress, blue ribbon, gold ornaments. Mrs Wiggins, black silk dress, blue ribbon, gold ornaments. Mrs Wiggins, black silk dress, gold ornaments. Mrs Wiggins, black silk dress, blue ribbon, gold ornaments. Mrs Wiggins, black silk dress, gold ornaments. Mrs Wiggins, black silk dress, blue ribbon, gold ornaments. Mrs Wiggins, black silk dress, gold ornaments.

They were Plainly Dressed and neither of them can be said to be of distinguished appearance. Neither is above the medium height and both are somewhat spare. They would pass anywhere for a prosperous business man and his wife. The Marchioness business man and his wife. The sattements tooked as though she were somewhat fatigued. The party walked through the station to the York street entrance and stood Government House barouche and were driven rapidly to Government House, being accompanied by the members of the Government

A Rambling Talk Concerning an Interesting Part of the Province.

When the writer was a boy a favorite topic which, as they touch me personally, I cannot pass over without notice. It is a source of profound satisfaction to me that the metogether for a good night talk at some mory of that old Liberal statesman, whose name I have the honor to bear, has not been forgotten. Those who watch the struggles in England in the early part of the last half century for civil and religious liberty, are in England in the early part of the last half century for civil and religious liberty, are familiar with his name and record; and I know that in no part of the British Empire are civil and religious liberty more honored than they are in the Province of New Bruns-

Some of the local Government, who had gone down on the 2.30 train. The run to Fredericton, 22 miles, was made in twenty-eight minutes, thus giving one hundred and thirty-eight minutes, thus giving one bundred and thirty-eight minutes as the total running time from St. John. This is one of the fastest trips.

A Fine Engine. Messrs. Thompson, McFarlane & Anderson on trial in their shop a Brickeve Automatic & Fisher of Woodstock. This is a girder frame engine and is a very handsome pioce of machinery, reflecting much credit upon Mr. Anderson, its designer. The engine is fitted with a fly wheel, 7 feet in diameter and a 13 inch face, turned for a belt. It weighs about a ton and a half and was made in the New Brunswick Foundry, This is the first engine built in the province in which the Brickeve engines made in these provinces are fitted with the Judson Governor, which acts upon the crank shaft and auxiliary valve in the steam chest, thereby insuring an instantan-eous cut off, thus keeping the motion of the ece of machinery, and seems admirably

done in honor of the Marquis at Governmen

The Douglas Councillorshi

As it is generally known there was no ele tion in Douglas, one of the candidates, Mr. Burt, being disqualified by improper filing of papers. An attempt is set on foot now by the opposing parties to unseat one of the pre sent incumbents, Mr. Thomas Colter, who i it is claimed has not property qualifications sufficient to permit him to a seat at the Council Board.

A drunken man lay between the rails and

respondent Thinks.

The facts in reference to the difficulty at the University appear to be about as follows: On Thursday week while the Junior Class were in Dr. Jack's room attending the mathematical lecture, a slipper was thrown about the room by one or more of their number. The circumstances were such that Dr. Jack The circumstances were such that Dr. Jack thought them proper to be dealt with by the Board of Discipline, and the class was called up on Friday and the members interrogated as to their participation in the offence. Each member of the class denied that he was guilty. On Saturday they were again summoned before the Board, and again questioned in relation to the matter, with no better results. Described by the circumstances were such that Dr. Jack throught you together to enable you to further consider the great subject of the lands of Mr. Wm. Morice, southeasterly form the mill. Rails are laid to Midgic.—

John Maguire, of St. Patrick, met with a serious accident on the 18th, on his way home from St. Andrews. While driving down McCurdy's hill, some of the harness his successful defence of Khartoum deserve and the layer, and the layer, and the layer, and the layer of the ways the layer of th

Dismissed from Lectures

less they gave up the offending parties. On Monday they were called up again and sked if the person or persons responsible had decided to acknowledge the offence, or information against them. This produced no response; the order for suspension from lec-tures was therefore enforced. The Senior and Freshman Classes then took the matter that the Junior might be admitted to attend lectures again, citing what they claimed were precedent in support of the refusal o the class to give up the effective again. the class to give up the offending parties. This memorial failing to have any effect upon builder of the Northern and Western Rail-way Co. of N. B. Mr. Creighton, of Quebec, latter as an unwarrantable interference by

memorial on the subject, but its request has not been granted. Dr. Jack asked the ofledgment to him and promised that no names should be disclosed; but this also elicited no response. A meeting of the Senate has therefore been summoned for Tuesday, when the subject will be fully considered. The call of the Senate is to consider a grave case of discipline and general insubordination. Meanwhile, all work at the University is suspended and the students parade the streets in their Academical costumes. The affair has caused a great deal of comment, and public opinion entirely supports the Faculty in the course they have taken. Most of the offence in the first instance to acknowledge their wrong. The statement in THE GLEANER that the slipper struck Dr. Jack upon the head was contradicted by the Doctor himself on the first opportunity after it was made

and their mathematical Professor, the Presi- | three st cision in favor of the negative. The subject for next debate is, Resolved: That the execusion in favor of the execusion in favor of the negative. The subject dent of the University. While such acts are degrading to any University, I would like to minutes more were consumed coming over Stewart. for next debate is, Resolved: That the execution of Charles I. of England was justifiable; ask those people who are so very severe in Mr. Morris leads the affirmative, and Mr. their criticisms of the conduct of the students attained for the remainder of the distance White the negative. Meeting closed at 9.30. if the thought ever occurred to them that was really faster than the day before, and for the students were not wholly responsible for all these acts of misdemeanor. Throwing a slipper on a Professor's desk appears in Throwing the eyes of the public to be something horrible; but to the students and to all who are cquainted with what takes place from day o day in the mathematical lecture room, the circumstance in question appears a trif-ling one. So far as the students are concerned, if one man is responsible, that man should at once confess the crime and no But if as in the majority of such cases no one man is guilty, which I understand to be the present condition of affairs, they have no

man to give up, and while a large number of the class are implicated, they will of course stick to one another to the last. While I do not wish to be understood as favoring the whole body of students in screening the guilty parties. I do wish to state, and that most emphati-cally, that the time has fully arrived when the overning body of the University should hold a thorough investigation into the situa tion of affairs about the institution and endeavor to find out if some change is not necessary in the general management and government of the institution.

Yours, etc..

The Curling Rink. The Curling Club have greatly added to he convenience and appearance of their rink by the recent improvements. The rink will hereafter be flooded by means of a service pipe laid from the main pipe on Bruns-wick street. The inner walls of the dressing rooms have been sealed, and a row of hooks have been placed around the wall for the hanging of wraps, and a commodious stand has been erected for the band in the gallery just over the entrance door. Outside, the end of the building fronting the street, has peen clapboarded and painted, and a handsome flag staff has been added. On the front gable is inscribed, in semicircular form, the words "Fredericton Curling Club." With hese improvements the rink is now equal, if not superior, to any in the Maritime Pro vinces, and affords excellent facilities both for curling and skating purposes.

Trouble at the University. A difficulty has arisen at the University On one day last week one of the students i the Junior Class, while in the mathematical lecture room, threw a slipper which struck struck Dr. Jack on the head. An investigation was held before the Board of Disci-pline and the students all denied having done the act. They were then suspende from lectures until further orders. On Mon-day last the other classes sent in a represent-ation to the faculty stating that they would not attend lectures unless the Junior Class was allowed to attend as usual. The faculty their enjoyable concert in the evening added there have been no lectures this week. The matter will be dealt with at a meeting of the Senate on Tuesday next.

A Lively One. Mr. S. H. McKee's black mare after per forming a faithful servitude before the beer wagon all summer, was taken out to the track for a spurt the other evening for the

half mile at a 2:30 clip and waltzed back to

work again, where she will remain until some of the foreign flyers can get up speed enough and go on the same track and beat Funds for the Deaf and Dumb. Mr. W. O. Barnaby, a mute, is soliciting subscriptions throughout the city for the Fredericton Deaf and Dumb Institution. He leavesfor St. John on Monday morning next

for the same purpose.

GLEANINGS.

A new steamboat company, with a cap-tal at present of \$10,000, has been formed at Chatham. The Advance states that two steamers are to be built for travel on the Miramichi river.

Her Majesty's Speech at the Opening of Parliament.

Mr. Harmon Humphrey will ship upwards of 200 head of cattle and between 200 and

300 sheep to London, about the first of Nov-ember. The shipment will be made from Halifax per steamer York City. The first freight came down the line Friday—some car loads of deals. The Upper Sackville station has been located on

results. Dr. Jack then announced that they were dismissed, adding, after a remark from Dr. Harrison, that they were

colonial and the Miramichi Valley. The first service was held in the Episcopal Church, at Edmunston, on Sunday, the 19th. The building of the church was commenced a number of years since and the frame put up, boarded in, clapboarded, painted one coat on the outside, and the roof finished. It was then allowed to stand until this summer when a clergyman was appointed for the parish. Since then the work has been carried to completion with the exception of the east window which, it is understood, it is the intention of the congregation to have put in in the spring.

Fast Travelling The train which conveyed His Excellency the Governor General and party to Fredericton, says the Telegraph, probably eclipsed all previous authentic records of travelling by rail in this Province. The trip was made in in the course they have taken. Most of the old graduates living in the city say that the Freshman and Senior Classes have acted most unwarrantably, and that the Junior Class ought to compel the persons who gave is lost in rounding the heavy grades at Bay junks in the harbor. The hill men are Shore, and that it is impossible to make re-Shore, and that it is impossible to make re-cord time over some portions of the Frederic-ton Branch. Between Fairville and Welsford the train went like the wind, making 21 miles in 22 minutes; the II mile stretch to Westfield occupying 12 minutes, the 10 mile run to Welsford only ten minutes, or at the rate of 60 miles an hour. The Flying Yankee's time for the same distance is 32 turned. He reports that the tribes of Merminutes. Coming down Thursday it was exaivi are peacefully disposed and that the pected that the record would be broken, but | country i the Fredericton Branch, so that the sneed several miles after leaving Clarendon the train was going at the rate of about 62 miles
