The Difference

"ONE USES HIS OPPORTUNITIES AND THE OTHER DOES NOT."
Consider the small amount of desirable residential property for sale in the southwest. Consider the great advance in price that has taken place in the last few years. Consider that we are still offering about 50 LOTS ON BEULAH SURVEY AT \$18 TO \$20 PER FOOT, WITH ALL IMPROVEMENTS PAID FOR BY US, and considering that the southwest is one of the most charming, healthy districts in our city, you must come to the conclusion that "Beulah Lots" should be disposed of in a short time at present prices. If you anticipate building "A Home" these Lots should interest you. City office open 9 to 1. Branch office, corner Aberdeen and Beulah avenues, open every afternoon 2 to 6 o'clock.

prosperous season. The plays have been good and the audiences large and respectable.

Mr. Adam Inch and son Robin are holidaying in the Northwest and Pacific coast. They will visit Seattle Exhibition before returning home.

Several houses are being put up just now. But next year a boom in building is looked for.

A funny thing happened the other day. One of the residents on the brow owns a dog and a cat. The dog made a dash after the feline. It sprang up a tree, but peor doggie went headlong over the mountain—a sheer fall of fifty feet. He survived the involuntary leap, but is still limping around, and is as well as can be expected.

Nothing further has been heard of the proposed fire brigade up here. But no doubt Mr. Blandford has not lost sight of it.

The residents want to know if nothing is to be done to the Jolley Cut before the snow flies.

MARS' OCCULTATION.

Springville, Sept. 4.—Rev. Dr. D. B. Marsh, of Springville (formerly of Hamilton), successfully photographed the eclipse of Mars by the moon. The photographs were taken at 10 o'dock, one showing the moon about two inches in diameter and Mars about the size of a No. 6 grain of shot. Dr. Marsh took another photograph of the eclipse showing the moon about five and a half inches in diameter and Mars about the size of a buckshot.

It is with great regret that the Y. W. C. A. find that on account of the new building they will not be able to reopen the dining room and boarding department till the new building is completed. The many girl friends who have found a homelike atmosphere and resting place in the old building will look forward to the ideal surroundings for them in the future. Applications for room and board in the new building will be received by the secretary after Oct. 1.

MAPLE LEAF CLOSING.

Maple Leaf Park will close for the season on Monday night, and by way of having something out of the ordinary for the occasion, the management has arranged a grand closing carnival with many special attractions. On Monday afternoon a series of bicycle races will be held, and entries have been received from many outside places, including six from Toronto. An extra big free show will be given both afternoon and night. While the season has been a rather unsatisfactory one financially, the management is optimistic as to the future of the resort, and many new attractions will be built before the park opens next year. The South Wentworth Fair will be held at the park the latter part of this month, and the amusement devices will all be running full blast during the two days and nights.
