

FINANCIAL GLOOM.

The latest news from the old country is gloomy and depressing character. There is no cheering anticipation of the revival of confidence and trade, but accounts of failure of the city of Glasgow Bank, and of panic in the exchanges, of shutting down of mills of revenue falling off, of the certainty of increased taxation, of the probability of war to make matters worse...

they may be thrust into some small bedroom on the third flight of the Waverley, International, or of some second or third rate hotel, where they will rent their disgust by discharging their gall into ink, and pen their diatribes on the "splay footed" inhabitants, and on their manners, their dress, and their vehicles, and write splay footed diatribes of gold from the pen to hurt the feelings of the Haligonians proud of their imperial position, just as their predecessors did on the memorable occasion of the Prince of Wales visit.

THE DOMINION GOVERNMENT.

The Dominion Government is now completely formed. The last Canada Gazette containing the following announcement:— Sir John A. Macdonald, Premier and Minister of Interior.

The failure of the City of Glasgow Bank proved to be much worse than at first supposed. The managers were slow to acknowledge their error. When it appeared on 18th inst., it created much indignation, but was not until the 20th inst. that it was generally known that the bank had failed.

ONE VIEW OF THE GENERAL SITUATION.

Sir Wilford Lawson, is the leader of the temperance movement in England, and who effects a buffoonish style of speaking both on the floor of the House of Commons and on the many platforms he moves from time to time occupies. He made a speech lately in course of which he said:— "They had heard the news from Afghanistan. This was merely a message to Russia, and it was not to be taken as a sign of war."

NOVA SCOTIA LOCAL GOVERNMENT.

The Hill government having been swept away by the September elections to one man resigned the other day, and the new government is now formed, viz:— Hon. S. H. Holmes, Premier and Provincial Secretary.

THE MILITARY SITUATION IN SOUTH-EASTERN EUROPE.

The military situation in South-Eastern Europe is again exciting much attention. It is rumored that the Austrian Government intend to send the bulk of their army to the Balkans, and to Transylvania in order to watch the Russian movements in that quarter.

THE WARD OF THE BISHOP'S MIND.

The trial of Thomas Dowd and Mr. Ward, for the murder of Thomas Ward, will take place at St. Andrews, and that of the Osborne for the murder of McCarthy, at Dorchester, both on the 12th November.

The Dominion Government were in session on Monday and Tuesday last. One of their acts was to appoint Robert Robinson, Esq., of Canterbury, to the seat in the Legislature vacated by the demise of the Hon. J. S. Saunders. This addition to their body will be heartily welcomed by the members of the Upper House.

These "Sumptuary Laws" were bitterly resisted, and for people more keenly resent infringements on their private than their public liberty. But we live on different terms, it is not an absolute rule or an irresponsible body of legislators who can now restrict private liberty, though a majority of people among them may.

The Promenade Concert and Dance under the patronage of Col. and Mrs. Mansell, took place on Thursday evening in the exhibition building, well attended, and much enjoyed. The ladies' dresses were in good taste, and the red coats of the gallant volunteers showed a bright contrast to the sombre turgidity of the civilians.

Mr. Owen Sharkey's brick block is being built up at a rapid rate. This time last week there was hardly a brick laid, now a great part of the wall work and the framing is up, and if the same expedition is used, the buildings will be under roof in six days more. Everything was in readiness, from the pump to the water barrel, from the line to the sand, from the mortar to the bricks, from the beams to the frames, and the slacks were kept busy by hodmen carrying mortar to the men of the trowel, and the carrying bricks up the ladders, and the beds were laid level by the plumb line under the eye of the master builder, and as fast as the walls were raised to the height the flooring beams were laid, and the window and door frames inserted, and there was no loafing or idling, for Mr. Sharkey was around, insisting to lead a hand to the pump, or to inspect the progress of the work from the narrow footing of a rising wall.

It will be seen by an advertisement in another column, that the Semi-Annual public examinations of the public schools, will take place, commencing on Monday morning next. We hope the parents and friends will show their interest in the progress of the children, and the course of education by their large attendance. They will thereby not only do what is right, but their presence will be an encouragement to the trustees and the teachers.

The young men of the "Fredericton Social Club" have announced their intention of having a series of Quadrille Assemblies in the Temperance Hall, commencing on Tuesday evening next. Bryson's Band will furnish the music.

The Attorney General and Hon. Mr. Young, last Wednesday afternoon proceeded to Fredericton on a mission of inquiry into the case of a man called of which certain officials there stand charged.

A railroad up Mount Vesuvius is to be built by a Neapolitan banker, the name of which is Obeligh. A double line supported on pillars and 919 yards long, will carry the train, which will be hauled up to the mouth of the crater by five ropes connected with stationary engines. Each train will consist of four carriages holding four passengers apiece, and as one such train ascends the mountain another will be coming down.

There are fresh Nihilist plots in Russia. These were made by a large number of persons who were made desirous of the Emperor, in consequence of the discovery of a conspiracy for breaking into the State prisons and freeing all the Nihilist prisoners, and the Emperor's growth of the revolutionary party seems to be causing apprehensions all over the country.
