

Saves Shortening

One of the first things you notice, after "Beaver" Flour comes to your house, is that you are using less shortening than you used with western spring wheat flours.

You also notice that the Pie Crusts, Cookies and Doughnuts are lighter and flakier—that the Bread Rolls and Biscuits have a delicate flavour, a delightful, nut-like, homey flavour that is doubly welcome after the tough, almost tasteless bread you used to make with western spring wheat flours.

The Cause of Backache

Every muscle in the body needs constantly a supply of rich, red blood in proportion to the work it does. The muscles of the back are under a heavy strain and have but little rest. When the blood is thin they lack nourishment, and the result is a sensation of pain in those muscles. Some people think pain in the back means kidney trouble, but the best medical authorities agree that backache seldom or never has anything to do with the kidneys. Organic kidney disease may have progressed to a critical point without developing a pain in the back. This being the case pain in the back should always lead the sufferer to look to the condition of his blood. It will be found in most cases that the use of Dr Williams' Pink Pills to build up the blood will stop the sensation of pain in the ill-nourished muscles of the back. How much better it is to try Dr Williams' Pink Pills for the blood than to give way to unreasonable alarm about your kidneys. If you suspect your kidneys any doctor can make tests in ten minutes that will set your fears at rest, to tell you the worst. But in any event to be perfectly healthy you must keep the blood in good condition, and for this purpose no other medicine can equal Dr Williams' Pink Pills.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co., Brockville, Ont.
