Darliamentary.

Last night after report left, on motion of Mr. Sanders, the bill to amend the law

of land gratis.
Mr. Brown held, that some detailed in-

formation ought to be given before such a large sum of money was voted. Voting large sums in that manner was but giving the Government so much corruption money. He also thought it a petty affair to hold the sites up to the competition of the differ-

the sites up to the competition of the different from so that the price of land.

Mr. Gamble looked upon this in the same manner as the £30,000 the other reming, and considered it as most improper. He contended that a committee ought to be appointed, and a plan and system adopted, and sites found, before voting money in that way, as it was accumulating power in the hands of the Government. The item was carried.

On the item of £10,000 for an institution for juvenile offendens coming up, Mr. Hincks and it would be desirable to erect this at some such central place as Kingston; and that perhaps more than one might become necessary. The system of Railroads would affect the question a good deal. The item was carried after some conversation.

should be put into a proper state of report, It was then moved in amendment by Mr. Rattenbury, seconded by the Mayor, That the Streets be graded & gravelled at the present time from the Market Square to the Mill road at Munro's Tavern and that the other portions be graded only, the grading to be continued round the Market-

The report as amended in Committee was then confirmed by the Council.

It was moved by Mr. Horton seconded by Mr. Story, That the Engineer be mstructed to advertise for Tenders for the grading & gravelling the road as recommend ed by the Road and Bridge Committee and also that he prepare a specification for the same forthwith-carried. A Petition was then read from a Com-

mittee praying for the sum of £60 to be granted to said Committee for the purpose of getting up certain demonstrations as set torth in Petition on the occasion of the turning the first sod of the Railway on the 9th inst. In committee-Mr. Horton in the chair. It was moved by Mr. Rattenbury seconded by the Mayor, That the prayer of of thepetition should be acceded to. Several Councillors opposed it on the ground that they could not legally raise money to be expended for such a purpose although they cordially agreed with the object and would subscribe out of their private purses liberally to aid in earrying out the objects creditably, and thought that the demonstration could be as well carried out by private subscription. Upon the motion being put there voted for the motion Messrs. Cibbons, Seymour, Rattenbury. and O'Connor -- against it Messrs. Smith, Watson, Story, Henley and White. The notion was then declared lost.

The Council then adjourned. TURNING THE FIRST SOD.

Thursday next the 9th inst., will be a grand gala day in Goderich and vicinity, as on that day the first sod of the Buffalo, Thus having in his possession Warner's deed, and the signature of Warner and Cogewell, Hudson came to Cleveland and to drawing up a deed conveying the land to himself, to which he forged the signature of Warner as donor, and of Cogswell as certifying Justice; adding for forms sake, those of two Witnesses.

The date of the deed was May 9th and the same day it was field in the Recorder's office for record.

With this apparently indisputable evidence of title to the land, Hudson applied to dence of title to the land, Hudson applied to With this apparently indisputable evisence of title to the land, Hudson applied to Thomas Bolton, Esq., of this city, for a loan of \$1,500, offering mortgage security upon the farm. Mr. Bolton consented to loan him the amount for four years at ten per cent, annual interest, and a mortgage was drawn up which Hudson signed and took with him to Parma to procure the signature of his wife. On Tuesday he presented the mortgage more than the farm to procure the signature of his wife. On Tuesday he presented to make the mortgage more farm, the mortgage more farm and the firm that the mortgage more farm. A committee has been appointed to make the necessary arrangements and we are glad to hear it has been very successful in carrying out its object, a very large amount of cash is already in the hands of the committee which has been raised by subscription and we must took. been unduly wrought upon by subtile trai-has been raised by subscription and we must tors. The ministry have worked well, and have proved by their unbounded success bly upon the occasion. The Committee that they have not only the will to make intend expending the funds placed at their judicious reforms, but that they knew disposal in procuring the services of a Brass how to do so. We have every confidence Band, in the purchase of Fireworks, &c., in the successful final adjustment of the &c. We understand a Dinner is to be pro-

> vided by Messrs. Rattenbury and Dark of the British Exchange Hotal, at 5s per head, and that a grand Ball'will come off in the evening at the same place at 10s per ticket which we are given to understand may be White, Henley, Story, Watson, Smith, hal at Messrs. Rattenbury and Dark's, or of Dixie Watson, Esq., the Secretary of d the committee. Many guests have been expenses of the current year, as follows, influx of visitors from the country upon the occasion, as apart from the great interest attached to the work itself, the demonstrations being upon a much grander scale than anything yet attempted in Goderich will be a sufficient inducement.
