This showed that the average attendance during the year was 242, not including the flourishing bible class of young men and young women taught in the main body of the church during the school hour. The attendance of the entire school ranges from 275 to 335. The lecture by Rev. John Wakefield was a treat. Chrisimas Fat Cattle Show.

The Christmas fat cattle show, held on the Goderich market on Wednesday last, was one of the best ever held here. The display in every class was unusually large, and the quality of the exhibits was very fine. An excellent fat cow was shown by Mr. Robt, McLean, which was raised and fatted by Registrar Dickson on his gold medal farm in Tuckersmith. A fat steer raised by Mr. Aiex. Broadfoot, of Tuckersmth, was also shown by Mr. McLean, together with a hog raised by Mr. Willett Potter of Colborne. Messrs. Sprung, Govier, Fear and others also exhibited together with Messrs. W. McLean and S. Andrews. Mr. Fear claimed that the judges made an error in affixing a wrong card on a very fine turkey shown by him, but with this execution the awards seemed to give generation. ception the awards seemed to give gene

ral satisfaction.

It was recommended to the directors that an arrangement be come to so that the fat cattle fairs at Christmas time be held on the same day by all the agricul-tural societies throughout the county, so that exhibitors be hindered from making a tour with the same exhibits to the different fairs. quired for the ensuing year. 100 cords will be wanted, and the Clerk was au-thorized to advertise for tenders for supply of same.

Ferguson inquired into the nature of

Principal Miller's application.
The chairman explained that as the County and Government grant to the Model School had been increased \$100, Mr. Miller asked to have that additiona amount voted to him. His salary has

Ferguson said there were extra duties imposed on Mr. Miller, and he should receive the extra grant. Mr. Miller explained the extra duties;

he had to teach 13 weeks in the year as against 8 formerly; had to deliver four lectures of one hour each, in each week of those 13. The time required to get of those 13. The time required to get up these lectures would be much greater than in delivery, so that he thought for whack up, or come to time, and then we feel that we have some show of realizing; but experience has taught us that to depend upon the average remit man is:
"Dropping buckets into empty wells, And growing old in drawing nothing up."
SOCIAL AND LECTURE.—There was a very good attendance at Knox Church.

Seven good attendance at Knox Church. as expensive without practical results.

Ferguson moved that Principal Miller receive the extra grant of \$100, for the extra services imposed on him as Model School teacher. For want of a seconder it was not voted on. NOMINATIONS Swanson moved, seconded by Butler,

that nominations for trustees take place in Central School, and that the Clerk be Adjourned.
