

AROUND THE CITY

Officer Haig, of the city police force, has taken up his residence at 43 York street, Newwood, and his best in future will be confined to Newwood and other districts north of the boulevard.

Daniel Steffler, of Onoway, is spending a few days in the city. Lawrence Frederick his four-year-old son, who a few days ago underwent an operation for appendicitis at the Public Hospital is rapidly recovering.

The Morinville Sports Association have arranged for a day of sports and horse racing on the Morinville track on September 23. The program of the events has not yet been completed.

The Merchants Bank of Canada opened a branch last week at Wainwright, the first divisional point on the G.T.P. east of Edmonton. The branch is in charge of H. G. Morrison, formerly accountant at Calgary.

J. R. Boyle, M.P.P. for Sturgeon, has returned from a week's trip through the eastern part of his constituency. He visited Bonaville, Plain Creek and Veranda Settlement.

The crops in that section of the country were early, most of the grain having been cut before the frost. What was not cut was ripe and suffered practically no damage in consequence.

As a matter of fact the damage to the crops by frost was insignificant. The yield in this district is particularly large, the crops being uniformly heavy. Mr. Boyle found the farmers in a most optimistic frame of mind as a result. These are all new settlements, and their most urgent requirement at the present time is improved and new roads.

(From Friday's Daily.)

The private car "Lethbridge," of the Alberta Railway and Irrigation Company, is in the C.N.R. yards this morning. The C.P.R. officials, who are in the city today, are using this car in their western trip.

Alford Lauris and D. W. Colvin, two Toronto capitalists, who are largely interested in coal mining properties near Edmonton, arrived in the city yesterday, and are guests at the King Edward hotel.

T. W. St. John, of Portland, Ore., who made a tour of inspection of Alberta a few months ago, with a view to becoming a permanent resident, returned to Edmonton this morning, accompanied by D. S. High, of the same city, and will take up his residence at the Belvedere district.

F. W. Peters, Winnipeg, assistant to the second vice-president of the C.P.R., W. R. McInnes, Montreal, general freight traffic manager, W. B. Lunnigan, Winnipeg, assistant freight manager of western lines, and Jno. Halsted, Calgary, assistant general freight agent of western lines, came up from the south yesterday.

THE INCINERATOR TEST.

An informal meeting of the City Council and the Commissioners was held on Friday to consider the question of taking over the incinerator that has been on trial for the past two weeks. There were present, besides the Mayor and Commissioners McNaughton and Baughen, Aldermen Manson, McFinnis and Garriety. After some discussion, in which the three members of the council expressed themselves as unwilling to act for the time being, and it was decided to leave the matter over until next Tuesday night, and to have the trial recommenced on Wednesday.

SUNDAY DUCK SHOOTING.

Ten informations against residents of Edmonton and St. Albert have been laid before Inspector Worsley by E. Lawson, chief game warden, for violation of the game ordinance in shooting ducks on Sunday at Big Lake, near St. Albert.

ASTOUNDING AT PROGRESS.

John McD. Hains, chartered accountant of Montreal, was in Edmonton Friday, having come west to look after his business interests and to pay a visit to his residence about 50 miles from Edmonton. Mr. Hains had visited Calgary twenty years ago, and at that time and since then he has heard a great deal about the Capital city, but this has been his first visit.

When seen by the Bulletin this morning, Mr. Hains said he was simply astounded at the progress of the city. "I am greatly pleased," he said, "with the spirit of enterprise displayed by the citizens, particularly in pushing the construction of the electric street railway. Everybody seems bright and hopeful, with a strong confidence in the future."

The geographical situation would indicate," continued Mr. Hains, "that the city is destined to be a great distributing centre for the northern coast. I do not see how it is possible to find a population of 100,000 people here in twenty years' time. The city has evidently been laid out with this object in view. The avenues and streets are wide and there are some splendid residences in the western portion of the city. The mistake has been avoided of building the houses too closely together. This adds greatly to the attractiveness of the streets."

Mr. Hains on his visit to Edmonton has met a host of old friends and comrades who formerly lived in the east, and he commends the wisdom of each one of them in making Edmonton their home. "I would like to live here myself," was the parting word.

Black Watch. A new sensation. A real pleasure. The big black plug.

PACKING PLANT OPENS SOON.

The new Griffin packing plant will commence work on September 10th. A force of about 120 men is now employed finishing the interior work in the plant and installing the machinery. Everything is moving forward briskly and the new plant will be ready for work early next month. C. H. Bradley will be the manager of the new plant and C. W. Fletcher, superintendent.

COULD NOT WAIT.

Three Strathcona apartmentmen, H. W. Dakin, C. A. Young and J. A. Brown, appeared before Magistrate Tipton at Strathcona yesterday and were fined for forestalling the opening of the duck season by shooting on Sunday. Game Warden Lenton stated to the Bulletin on Friday that there will probably be not more than twenty prosecutions in all, but fall returns from the special game warden are not all in as yet.

JOURNAL CHANGES HANDS.

It is understood that the Journal has been purchased by a Vancouver newspaper man and a formal announcement of the completion of the deal will be made shortly. Practically all the stock has been secured by Mr. McConnell, who is the editor of the Vancouver Paper and he will take over the management in the course of a few days. A number of changes have already been made in the staff and other willow when the formal transfer is made.

STREET CAR EXTENSIONS.

Proposals are already coming in for street car extensions to outlying districts to the north of Edmonton. A petition was circulated several weeks ago with the object of securing the extension of the line to Mamayo village north of the city along Mamayo avenue. The proposal fell through, however, when those interested began to figure out the cost. The city has also been assured of a bonus from the town of St. Albert if it should be thought advisable to run the tramway to that point. These extensions, however, are long distances in the future and the successful operation along the present adopted lines will hold the attention of the civic authorities for some time to come.

PORK COMMISSION GOES EAST.

A. G. Harrison, secretary of the Edmonton Board of Trade and a member of the Pork Commission, started to the Bulletin last week that the Pork Commission will leave for the town of St. Albert on September 1st. From there the commissioners will proceed to Ontario and visit the packing plants at Collingwood, Hamilton, Leber and Toronto. The return to Winnipeg will be made by way of St. Paul, Minn., and Chicago, Ill., and the C.N.R. will be used for the return to Winnipeg. Mr. Harrison from Edmonton over the C.N.R. to Winnipeg, where he will meet Mr. Wallace, chairman of the commission.

GLOWING REPORT ON SOUTH.

Hon. W. T. Finlay, minister of agriculture, appeared in his office at the Parliament building on Thursday with a sunburnt countenance, the result of a long stay in the wheat-growing district of Southern Alberta. "I have experienced some oppressive hot days since I was last in Edmonton," he said to the Bulletin. "Such weather was a great boon to the harvesters, who worked from dawn till dusk, and the grain is in the best of condition. By this time two-thirds of the entire crop of the south has been harvested."

ALBERTA COLLEGE STAFF.

On Tuesday next the fall term of Alberta College will open and the indications are there will be another large attendance. Already many applications have been received for board and tuition and Dr. Biddell and Secretary C. E. Rice have been kept busy for some days.

INCINERATOR TAKEN OVER.

The new De Carie incinerator has been informally taken over by the city, and the formal adoption as well as the authorization of the last payment of \$10,425 will take place next Tuesday evening at the regular meeting of the city council. City Commissioner McNaughton stated that the destructor is coming up to the full requirements of the contract and is even doing much more than is required by the agreement.

HARCOURT IN HALDIMAND.

Richard Harcourt, nominated for Federal Constituency in Liberal interests, Toronto, Aug. 27.—Halimand Liberals at a convention held at Cayuga, Ontario, on Monday night, elected Mr. Harcourt as their candidate for the Parliamentary seat. Mr. Harcourt was present at the meeting, and his acceptance of the nomination will depend upon the result of his tour of the province. Always an untiring worker, he will devote his entire time to the promotion of his cause. It is to be hoped that he will be able to take the field in the Dominion contest. That would be a most desirable election, and Halimand could not have a better representative. There are few

LETTER PUBLIC SPEAKERS

Mr. Harcourt and few men more earnest in their desires and efforts to advance the interests of the country. At the nomination meeting held at Cayuga, Ontario, Mr. Harcourt was elected as the Liberal candidate for the seat of Halimand. Mr. Harcourt is a man of high character and high ability, and his election would be a great benefit to the country.

DRIVE FROM LETHBRIDGE.

James McCaig, superintendent of city schools, has returned to Edmonton from Lethbridge where he spent several weeks visiting old friends of the south country. Mr. McCaig drove through the country during his long 14 years' residence in the northern wilds, at the fur trading posts and in the mining camps. He is pleased to visit Edmonton once more and naturally sees surprising changes in the city since he left it in 1892.

BOYS LEARNED TO SWIM.

Forty Edmonton boys have this summer learned to swim in the swimming tank at the Y.M.C.A. Each one of them has received a certificate of appreciation that may do them good in the future. During the month of September a swimming competition will be held at the Y.M.C.A. tank, open to members of the Y.M.C.A. and to other suitable persons. The prizes will be given.

CITIZENS STRONGLY APPROVE.

The by-law authorizing the purchase of the charter of the Strathcona Radial Tramway Company for \$10,000, and the raising by debentures of \$150,000 to put the entire street car system in operation, was all but unanimously endorsed by the burgesses on Thursday.

MAY SEND OUT AUSTRILIANS.

Baron Gager, a distinguished Austrian nobleman and statesman, arrived in the city yesterday and is staying at the Alberta Hotel. He has come to this part of the world to look into the conditions prevailing here and will make a report to the Austrian government on the desirability of sending out Austrian colonists to the west coast of Canada.

FOUR KILLED IN WRECK.

Smash Occurred When Locomotive Collided With Bull.

Eggers, Or. Aug. 27.—Four persons were killed as the result of the derailment of a local train running at high speed three miles north of here last night. The body of a large red bull, which was completely severed, lying in the ditch opposite the locomotive is positive evidence of the cause of the wreck. The train was carrying a large number of passengers and was badly shaken up by the wreck. Several passengers were badly shaken up by the wreck. Several passengers were badly shaken up by the wreck.

WILLIS' SPECIAL.

From now until the first of November, there is a rip-roarer and only a sample of what is to follow. I will have many more specials for my patrons, as the season advances. For these two months I am authorized to take subscriptions to the following magazines:

NEW FIELD FOR INVESTMENT.

Turkey, Under New Regime, Opens Up Boundless Commercial Possibilities.

GRAND TRUNK BUSINESS COLLEGE EDMONTON

Regular fall work begins in all departments Sept. 1st. Unequalled facilities for teaching shorthand, bookkeeping, penmanship, etc. Write for new fall catalog. Address: J. C. McTAVISH, Principal.

GOOD CHANCE TO GET EVEN.

Holland Could Hit Castro His Hardest Blow by Blocking Ports.

DETROIT, AUG. 27.—Earl Grey, governor general of Canada, was a visitor in Detroit and Windsor yesterday.

Improve Chinese-Jap Relations.

Tokio, August 27.—Baron Komura, recently ambassador to Great Britain, arrived in Tokio last night and was appointed minister of foreign affairs today. The newspapers anticipate that under his regime the relations between China and Japan will be improved.

Excursion Train Wrecked.

New Orleans, August 26.—A long excursion train on the Great Northern Railroad, on which hundreds of women and children were returning from a holiday at Covington, Arlita Springs, and other resorts, a short distance from New Orleans, was wrecked about 10 miles from the city tonight, and a score of persons were completely demolished or overturned, and it is not known if there are any dead bodies among the ruins. That many persons were not killed is considered a miracle, as the train, being heavily loaded, was running at a fast rate and making a sharp turn when the wreck occurred.

Conservative Candidate.

Gloucester, Ont., Aug. 27.—Robert McLaughlin of Moos was chosen Conservative candidate for the Commons at the party convention here yesterday.

FOR SALE—SEVERAL STEAM WELLS

drilling and prospecting machines can be used with either solid drills or hydraulic. Will send man with purchaser to install. Address Edmonton Iron Works, Edmonton.

FOR SALE—FULL BLOODED ANGORA GOATS, MALE OR FEMALE.

Or will trade for calves. Farmers annoyed by pirnie fleeces may rid themselves of these by purchasing a male goat, which animal, owing to its peculiar odor, will keep fleeces away. This I absolutely guarantee. The wool also is valuable, outwearing sheep product three or four times. Paul Wagner, Mevassia, Alta.

Old Torontonian Dead.

Toronto, August 25.—John Fensholt, founder of the Fensholt elevator works, and for fifty years residents of Toronto, died yesterday afternoon.
