A Special Statement to those Customers

who may ask the reason for this Drastic Price Reduction Sale.

This is another wedge—a sharp wedge—that we are driving into the high cost of living, with the hope that it will help to ease the burden now borne by all classes.

We read in the newspapers, from time to time, that the prices of certain commodities are coming down with a rush in other countries, but it doesn't seem to affect conditions here in Newfoundland one little bit. How long will we have to wait for people to stop talking about the high cost of living and DO something to bring it down?

We have felt for some time that something had to be done—somebody had to act. The only way to begin was to begin. So we have been plugging away at it with Special Sales from week to week and here we are with another smashing drive. Readymade Clothing this time. Take advantage of it. Get the clothes you need at less than you can buy elsewhere.
