West Ham Surrender

MINISTER'S TERMS ACCEPTED.

Outright surrender was made by the Socialist majority of the West Ham Board of Guardians to Mr. Neville Chamberlain, the Minister of Health, whose terms for further loans to the bankrupt union they have resisted for

five weeks. For nearly two years the board has been insolvent, because of its extravagant out-relief, and the Health Minister had insisted on:

The reduction of the maximum relief

to be given in any particular case from 59s. to 55s. per week. An alteration of the present scale of deductions so that where the in-comes (apart from relief) of mem-bers of a household exceed 40s. per week, 75 per cent. of the excess over 40s., in lieu of 50 per cent., as at present, should be deemed to be available for the general purposes of

Because the guardians declined to comply the administration of relief has been handed over during the past month to the relieving officers, with instructions to grant 75 per cent. of the previous scales and then only in the form of youchers for food and household necessities.

Only the Communist section of the board held out for the resistance to be continued, but they were defeated by 38 votes to 14. The Socialists who voted with the Moderate members for acceptance of the Minister's terms did so only after the word "regretfully"

had been introduced into the motion. Throughout the debate they were at sixes and sevens in an effort to explain their capitulation, and all emphasised that they had been compelled to give way because the recipients of relief were unable to find pennies for their gas-meters and householders whose homes were furnished on the hirepurchase system were having their furniture taken away owing to arrears of payments.

This argument was exploded by the local Socialist clergyman, the Rev. H. B. Reiss, who pointed out, while seconding the resolution for acceptance, that the most serious item of the Ministry of Health's conditions was withdrawn a month ago. This entailed a reduction of only 6d. per week in the total relief given to adults.

Socialist "Bluff."

Th real reason for the surrender was that Mr. Neville Chamberlain had ended the Socialist "bluff" in a letter in which he told the guardians that as they were "incapable of performing their statutory duties" he had no ontion but to make direct arrangements

for the administration of relief. Mr. Chamberlain added that he had established an advisory committee of persons experienced in Poor Law administration, and that he intended to put his new arrangements into operation next Monday.

There are 56 members of the board (52 voted), of whom 32 are associated

with the Labour Party. That the Socialist guardians have been taking part in a sham fight, merely to obstruct Poor Law administration, is apparent from the fact that the number of families who will be affected by the conditions is not more

than 400 .- Daily Mail.

CONFEDERATION LIFE. -

Premier and the Miners

REPLY TO REQUEST FOR NEW CONFERENCE.

Mr. A. J. Cook, secretary of the Miners' Federation of Great Britain (the men's organisation), received from the Prime Minister's secretary a letter stating that Mr. Baldwin had come to the conclusion that no good purpose would be served by his receiving a further deputation from the miners' executive.

The letter added: If your committee know particular cases in which difficulty has arisen in connection with claims for unemployment benefit, and if the Miners' Federation would furnish the Ministry o? Labour with particulars, the Minister would arrange to see them. If it is desired to raise questions in which the Mines Department are primarily

concerned, Mr. Baldwin would suggest that you approach the Secretary for Mines. Mr. Cook, commenting on the letter.

said: The miners' delegate conference only agreed to take part in the Coal Commission on conditions that they believed would be granted. On behalf of the executive, I have now written to the General Council of the Trades Union Congress asking them to meet us to discuss the situation, because we have been refused an interview by the Prime Minister.
