ICE AT THE SOO

Downbound Boats Were Considerably Delayed in Canals. [Canadian Press.]

Sault Ste. Marie, Mich., May 1 .- Immense quantities of ice coming over the rapids here yesterday caused considerable trouble in the canals, and steamers made slow progress through the locks. Downbound boats reported heavy fields still in Whitefish Bay, but conditions were so far improved that several steamers with tows left today for upper lake ports.

DIED AT GLANWORTH. [Special to The Advertiser.] Glanworth, May 1.-After an illness

of only a few days with pneumonia, Mrs. George Brodie, aged 35, is dead at her home here. Besides her husband she is survived by two children The funeral will be held on Friday afon to Aylmer Cemetery.

ASK FOR CASH TO IMPROVE MARKET

Number Three Committee Recommends Tearing Out Dairy Hall Sides.

\$1,000 FOR THE EAST END

Canadian Rubber Company Gets the Contract for Water Wagon Hose.

The amount required this year for he maintenance of the public lavatory on the market square will be \$1,433, according to the reduced estimates passed by No. 3 committee Wednesday night. A hot water heating system will be installed at a cost of \$517. This amount will include \$75 for a gas heater to supply hot water all the year round. The committee recommended that a male caretaker be paid \$9 a week, and a female attendant \$6

Improve Dairy Hall. On the motion of Ald. Stein \$400 was placed in the estimates to tear out the sides of the dairy hall and build a cement walk down the centre, the spaces on each side to be rented to market gardeners and florists. Market Clerk Maker thought this would be advisable, but Ald. Ashplant objected to it. He did not think there would be room enough in the basemnt of the meat market for the farmers' wives to sell their produce. Besides it was damp down there, and they probably would not come to market if obliged to

leave the dairy hall.

For East End Market.

Without any discussion for or against, \$1,000 was placed in the estimates for maintenance and buildings for the East End market.

A tender for 300 feet of 21/2-inch sewer hose for the watering carts was let to the Canadian Consolidated Rub-ber Company at \$105. The tender called for six-ply hose, and the committee worried for a long time over the problem, because the samples sent contained only two plies of fibre. Fire Chief Aitken thought the company counted the inner and outer coats of rubber as two additional plies, but the committe decided to get six-ply Only two companies Ald. White favored one and Ald. Stein the other. It was a long time before Ald, Ashplant would break the tie. At last he voted with Ald. Stein, on the ground that the hose favored by him was the more pliable. Quotations ranged from 75 cents to \$1.40 per foot.

Seizure of Bread. Inspector McCallum reported on the seizure of bread, the loaves of four bakers, averaging respectively 5.4, 5.8, 4.9, and 4.2 ounces less than the poundand-a-half required. Two other bakers were found to be conforming to the

elow the pound-and-a-half requirement as follows: Parnell, 5.4 ounces; Johnston, 5.8 ounces; Ruddy, 4:9 unces; York, 4.2 ounces.

Bread weighed from the Gwalchmai and Bridle wagons showed these two bakers to be conforming to the law. A communication from the city audior was read to the effect that a frontage tax can be legally levied on the roperty having a rear frontage on the northeast court of the market square for the purpose of laying a pavement ditions surrounding their premises, as far west as the meat market build-

The sanitary inspectors, who annually report to Inspector McCallum the dogs, will this year require from No. committee the sum of \$250. This is he amount that the board of health asks, increasing their bill from \$200 formerly charged on the ground of a larger area to cover this year.

The tender for screen doors for the narket went to L. H. Martyn for \$62. The engineer will report on the requests for additional street lights on Maple and Fullarton streets and Ot-

Unhitch the Horses In Market Place

A bylaw requiring market gardeners, farmers and others to unhitch their horses immediately upon arriving at the local market, will be recommended to the city council by No. 3 commit-tee on the advice of Market Clerk Maker. He reported Wednesday night that some persons drive ten miles to market and back without feeding or unhitching their horses. He also complained of the danger of leaving horses standing on the market untied and stated that accidents had occurred as a result on several occasions.

Alarm Bells Placed On the Bell Poles

A communication from the Beil Tellights placed on downtown street corners by the fire department had been placed on the company's poles without their permission. The company, however, were not objecting, but wished the city to assume all responsibility roll of the senior school is 387, interpolation of the senior school is 387, interpolation. for the same and to agree to remove them if requested.

No. 3 committee decided to acknowledge the communication and ask the that 6,065 finance committee not to lose sight of the year. this question when the negotiations between the city and the company in regard to a new franchise are under consideration.

LETTERS FROM SCOTT

Received in London. [Canadian Press.]

London, May 1.—A penny, or two cents in Canadian money, will bring a letter from the South Pole to London. This is believed to be a record in cheap postage. Two letters with only a penny stamp have just been received by Sir Joseph G. Ward, the former premier of New Zealand, who is now here, he letters having been forwarded from New Zealand. They were mailed in the Polar regions by the late Captain Scott, of the British Antarctic expedi-
