Hindus Have Barricaded Themselves On Vessel and One Thousand Men Will Attempt To Rush Them.

[Canadlan Press.] VANCOUVER, B.C., July 20.--Upwards of five hundred men, from the Sixth Regiment, Duke of Connaught's Own Rifles, the Highlanders, and the newly formed Irlsh Fusiliers, were called out tonight by a special order, signed by Colonel Duff-Stewart and Col. George C. McSpadden. They will parade Tuesday morning at 7 o'clock, fully armed, and expect at that hour to go on board of the

Rainbow, which is due from Victoria. A small army of men should be on board of the warship when she goes out early tomorrow forenoon to take possession of the Komagata Naru. Unless the Hindus suffer a violent change of mind during the night, they will show a stubborn resistance and a bloody fight may result.

WE DO things the hardest way sometimes . Those tiresome trips out of town for instance take a lot of time and energy when made in person, and when the destination is reached possibly waits, delays, and disappointments may make the trip seem all the harder.

The telephone saves all the labor of travelling, whether you wish to go a short distance or a long distance. It carries you at once, almost anywhere and back again. It gets you out of the habit of doing things the hard way because telephone travelling is so easy and yet so effective.

Why not TRAVEL BY TELEPHONE and avoid those tiresome trips out of town.

Every Bell Telephone is a Long Distance Station.

Your skin will probably respond at once to this simple treatment, which is also a beautifier. Dissolve 4 ounces of spurmax in ½ pint of water; add two teaspoonfuls of elycerine let stand until cold, and keep rlycerine, let stand until cold, and keep tightly corked. It is a delightful and effective lotion which answers a double purpose of preserving the youthful texture of the skin and whitening it, too. In summer I use no other powder, as it relieves the shine and stays on the skin longer than face powder.

Mary M.—That "stubborn" hair and unhealthy scalp are probably due to improper washing. You should never use soap on your hair. The alkali makes it dry and brittle. Hair that is faded and streaked is usually the result of soap shampoos. The ideal shampoo is the simple and ever reliable preparation made by stirring one teaspoonful canthrox in a cup of hot water. It cuts away all the dead matter, remov-ing all dandruff, and leaving the half soft, fluffy and fustrous. If your hair thin, get some quinzoin from your ruggist. It makes a special tonic.
